

Library Usage Summary

November saw an uptick in use, but we have yet to reach pre-pandemic levels of checkouts, with overall circulation down 26% compared to November of 2019.

However, eBook usage saw a 56% increase and the number of initial check outs by each person who used the library increased from 9.68 in 2019 to 11.1 in 2020!

Our migration from RBDigital to CloudLibrary is complete- so all of our digital catalog is available in 1 app and will show up in the card catalog as well. We believe this will continue to help us grow usage.
