As an existing landowner, I can see considerable downside in achieving our value of our land from current opportunity. Less flexibility & options as to type & size.

Do you have any other comments or concerns regarding the proposed changes to the REC Overlay District (Zoning Ordinance and Multi-Family Policy)?

Too much commercial "designation" off of 121. Way too much — Market is not here & will not be for many, many years. Limiting Residential in the proposed Tollway Module is not a desirable structure.

Is there anything you don't like about the Proposed Future Land Use Plan (FLUP) and Future Land Use Plan Module Diagram (FLUP MD)?

*The reduction in density is unfair to existing land owners. This proposal will devalue their property. Compromises should be made regarding single family densities. Densities should be allowed to be 5 du/acre*
