

As is typical for MEDC, this past month was very busy. Steve Duncan and Renee Frangione, our account representatives from Development Counsellors International, made a site visit to McKinney 5/23 – 5/29. The purpose of this visit was to familiarize them with McKinney so they can better represent the community as they contact companies and promote McKinney to potential prospects. While they were here, we gave them an in-depth tour of the city and a general overview of the DFW area. They met with representatives from several key local allies including the McKinney National Airport, the McKinney Corporate Center at Craig Ranch, and the Collin College Skills Development Program. Both Renee and Steve were very impressed with McKinney and the resources that we have here.
