## **I. Applying Organization**

Describe the mission, strategic goals and objectives, scope of services, day to day operations and number of paid staff and volunteers.

The mission of the McKinney FFA Parents Organization is to support and promote the students and teachers involved in the McKinney FFA Ag Program. Our Parents Organization supports the FFA students and their activities at all 3 McKinney High Schools and those Junior FFA students enrolled in MISD Elementary and Middle Schools. We do this primarily through various fund raising activities throughout the year. All money raised goes towards McKinney FFA Student senior scholarship awards, the purchasing of McKinney students projects at the Collin County Junior Livestock Show, and the purchase of equipment and supplies to improve the Ag experience for all McKinney FFA Students.

Our Parents Organization has been supporting the McKinney FFA programs for over 30 years with many of our current members having been students who received this organizations support when they were FFA students in McKinney schools years ago. McKinney Parents Organization, Inc., formally McKinney Parents and Friends Club, recently incorporated last year. We are a 100 percent volunteer organization.

Disclose and summarize any significant, planned organizational changes and describe their potential impact on the Project/Promotion/Community Event for which funds are requested.

At the end of each school year we have elections to our board. Two of the five members of our Board of Directors are parents of graduating Seniors and will no longer be on our Board of Directors. The other three plan on continuing working to continue the successful initiatives we have started this year. As with many volunteer organizations, there is a core group of passionate current and former McKinney FFA Parents Organization members that insures its continued success.

## **II. Project or Promotion/Community Event (whichever is applicable)**

- Outline details of the Project/Promotion/Community Event for which funds are requested. Include information regarding scope, goals, objectives, target audience.

In years past our primary fund raiser has been the North Texas Showdown livestock show which is held in December. In early 2014 we decided to add 2 additional livestock shown, one in June and the other in November. All three shows were successful, however, our goal with this Grant application is to increase advertisement, awards, and prizes to attract more participants to McKinney which will increase the amount of money we are able to raise.

All events will be held at the Myers Park Event Center in McKinney, TX and will be Texas Junior Livestock Association (TJLA) sanctioned Junior Livestock shows. Depending on the time of the year, our shows will include Cattle, Lambs, Goats, and Pigs. Each of these Junior Livestock shows draw students and their families from all over Texas and occasionally from Oklahoma. We place ads for our Livestock Shows in the TJLA Showbox magazine which is distributed to approximately 12,000 families and businesses in 43 states with the large majority being distributed here in Texas. Entry to view these livestock shows are free to the general public. Juniors wishing to show their 4H or FFA project are charged an entry fee. The expenses we incur when putting on a livestock show include facility rental, hiring livestock judges, advertising in the Showbox magazine, TJLA Sanctioning Fees, and purchasing awards and prizes for the participants. Our smallest livestock show in June attracted approximately 50 families from as far away as Houston and Abilene. Our two largest show in November attracted between 180 and 200 families with over 400 head of livestock.

- **For Promotional Grants/Community Events** – describe how this initiative will **promote the City of McKinney for the purpose of business development and/or tourism.**

Each of our events will attract participants and their families from all across Texas and southern Oklahoma. Several of these families will arrive the night before the event and stay in a local hotel. All of these families will spend the entire day in McKinney. They will stop for breakfast on the way to the event, break for lunch during the event and eat dinner after the event. Families will purchase fuel from the local service stations and possibly by supplies from Geebos, Tractor Supply, and D and L Agmart. Our organization purchases food from local grocers to be prepared and sold at the concession stand. All awards, prizes and banners will promote the City of McKinney.

Most importantly, this grant will allow us to raise more funds to support the McKinney FFA students and hopefully increase the awareness in the community of the benefits of the FFA Programs. By reaching our goals we can help more McKinney students thus improving the community as a whole.

- Describe how the proposed Project/Promotion/Community Event fulfills strategic goals and objectives for your organization.

We are a tax exempt, non-profit organization, that exist solely for the purpose of supporting the FFA youth and FFA programs here in McKinney. The money raised at these events are critical to our being able to meet our goals.

- Please also include planned activities, time frame/schedule, and estimated attendance and admission fees if applicable.

Please see the attached show flyer for information regarding the show schedule and exhibitor entry fees. General admission by the public is free.

We track the number of livestock entries and not actual attendees. Since many attendees show more than head of livestock these numbers are approximate and do not include their parents, friends and/or siblings:

Summer Show- 60 participants

Fall Show- 200 participants

Winter Show- 100 participants

- Include the venue/location for Project/Promotion/Community Event?

Myers Park Event Center, McKinney, TX

- Provide a timeline for the Project/Promotion/Community Event.

Please see the attached show flyer for information regarding the show schedule.

- Detail goals for growth/expansion in future years.

Growth for each actual event is limited by the # of head of each species of livestock the Myers Park Event Center will hold, the time of year each show is being held, and the number of volunteers we are able to muster. Our Fall Show was near that capacity for cattle and swine and had space to double the number of lamb and goat participants. Our Summer Show was a Heifer Show only, since most Lamb, goat, steer, and swine exhibitors haven't acquired their animal at that time.

Our goal would first be to increase the number in attendance to maximize the facility at each of our shows and then to possibly add additional shows during the year.

Fall Show- \$18,500

Winter Show- \$20,000

**Have any other federal, state, or municipal entities or foundations been approached for funding?** *If so, please list entity, date of request and amount requested.*

No

**IV. Marketing and Outreach**

Describe marketing plans and outreach strategies for your organization and for the Project/Promotion/Community Event for which you are requesting funding – and how they are designed to help you achieve current and future goals.

With the help of the MCDC Grant we would be able to increase our current advertising to include full page ads in the Showbox magazine and increase both the quantity and quality of our awards. Both would increase event attendance here in McKinney and allow us to raise more funds to support the McKinney FFA students.

**V. Metrics to Evaluate Success**

Outline the metrics that will be used to evaluate success of the proposed Project/Promotion/Community Event. If funding is awarded, a final report will be required summarizing success in achieving objectives outlined for the event.

We will be able to determine the success of the MCDC Grant by comparing each event attendance in 2015 with the attendance records of 2014. We will also be able to compare the Net Income from each show each year to track improvement. We can and will provide a summary of each event or a compilation of all three events, which ever meets the needs of the MCDC.
