RE: HCA Emergency Room Facility Project
Lot 2, Block A, Parcel 601-603 (1.24 acres)
McKinney, Collin County, Texas
Re-zoning Letter of Intent

Dear Development Services:

The subject property is located at the southeast corner of Custer Rd and Hwy 380. The property is included in the Stonebridge Ranch master plan which is a Planned Development (PD) district with restrictions described in Ordinance 1621. According to Ordinance 1621, the subject property is designated as a Retail (R-2) district.

Per Ordinance 1621, a concept plan is required for the entire 57 acre R-2 area prior to development in the district. At this time a concept plan for R-2 has not been created or approved. However, two existing developments adjacent to the subject property, 7-11 to the east and Fabulous Car Wash to the south, were previously included in the R-2 district but re-zoned out of the Stonebridge Ranch PD. In result of these re-zoning cases, the subject property is partitioned from the remaining R-2 district.

We feel creating a 57 acre concept plan is excessive for development of the subject property considering the property is only 1.24 acres and is no longer connected to the remaining R-2 area. **We therefore would like to re-zone the subject property to a General Business District (BG) to develop a medical clinic.** Please note Ordinance 1621 and a BG district, both permit clinical use.

If possible, we'd like to pursue the October 8th Planning & Zoning Commission and November 5th City Council action dates.

Enclosed a Concept Development Plan is provided. We wanted to share this document before the Site Plan submittal. We've been informed, once the zoning of the property is changed, a Site Plan may be approved by staff. If anything appears problematic with the enclosed plan, could you please let us know and we'll try to address it before the Site Plan submittal.

Please feel free to contact me with any questions towards this development.

Thank you,

BHB Engineering & Surveying

Gene Capps, P.E.
Civil Engineer
