Housing & Community Development

Akia Pichon, Transit Administrator

Timeline & Introduction to New Service Proposal

- Contract for transit services between McKinney Urban Transit District (MUTD) and Denton County Transportation Authority (DCTA) began 06/01/2017 and is set to expire 12/31/2021.
- In August 2020, MUTD Board requested that MUTD Staff reach out to discuss potential service options with local transit agencies.
- DCTA and DART responded that they would be interested in a joint partnership to provide service to the MUTD area.
- Partner DCTA is no longer a part of our team due to a lack of resources. DART has picked up the remainder of responsibility, defined in greater detail in the Roles & Responsibilities section of the service proposal presentation.
- DART has provided a presentation on the service proposal and an Interlocal Agreement between the two agencies. The ILA is currently being reviewed by MUTD and City of McKinney Legal.
 - A special MUTD meeting will be held in early September to approve the final ILA.
 - The DART LGC will be meeting September 14th to approve the ILA.
 - DART Board will be meeting September 28th to complete final approval of ILA.
