

ORGANIZATIONAL REPORT

—
2022 - January

McKinney Economic Development Corporation

MEDC Board,

We kick off the new year welcoming our newest addition to the MEDC team. Michael Talley has joined the EDC as our new Senior Vice President of Economic Development. Michael is the former Director of Economic Development for Denton County and brings a wealth of knowledge and experience to our team. He and his family are residents right here in McKinney! Welcome Michael to the Team.

We ended 2021 strong. We set another record for capital investment with \$445 Million in new projects to end the year. We still have over \$2 Billion in our project pipeline and 2022 should be the year that we announce some major development projects. I look forward to yet another year leading this fine organization and working with you all. Let's keep the records coming!

Organizational Updates

- Staff is working with McKinney Chamber/McKinney Community Development Corporation (MCDC) leaders to plan and design the new office space at District 121. MEDC/MCDC Presidents and Staff had a site visit at One Bethany West in Allen on December 13. Staff continues to work with MEDC/MCDC staff and Kaizen/Perkins & Will for the new/existing furniture at Kaizen office.
- With the addition of our new SVP, we will be looking at more process improvements and efficiencies for managing our projects and the project pipeline.
- The Byron Nelson 2022 tournament is right around the corner. We are implementing some new strategies for our Red Carpet Tours to maximize our potential for recruitment.

Organizational Activity Report (December 2021)

- *Total Leads: 7
- Qualified Leads: 3
- RFPs received: 5
- RFPs responded to: 0
- Total Pipeline Projects: 20
- New Pipeline Projects: 2

*Leads include RFPs, RFIs, and direct inquiries from site selectors, brokers, company representatives, etc.

Technology & Infrastructure Update

- Reviewed and finalized launch for broadband RFP, including pilot projects that MEDC will participate in.
- We are conducting evaluations of underground utility deployment for all new development sites.

Business Retention & Expansion (December 2021)

- A news release stated ShearShare was leaving McKinney and relocating to Buffalo, NY. However, after a call with the company's founder, the company plans to continue with their headquarters in McKinney and is required to open an office in Buffalo for one year based on their fundraiser. We will remain in close contact with ShearShare as we would not want them to relocate all together.
 - Staff is assisting with the organization and implantation of a Ribbon Cutting for StatLab's new warehouse. This was not a MEDC-sponsored project, but it is an opportunity to add value to a local company continuing their investment in the community. The ribbon cutting will be held February 14, 2022.
- BRE Visits: 5
 - Annual BRE Total: 45
 - BRE Partner Events: 0
 - Virtual BRE Calls: 0
