16-336A2 Mayor Loughmiller called for a Public Hearing to Consider and Discuss a Petition to Annex the Subject Property, Located Approximately 2,200 Feet West of Lake Forest Drive and on the North Side of County Road 123 (Future Bloomdale Road) and the South Side of Baxter Well Road. Planning Manager Matt Robinson stated the applicant is requesting to annex approximately 54 acres of land west of Lake Forest Drive and north of future Bloomdale Road. The City considers a number of factors prior to annexing property into the city limits. These include the ability to serve and provide City services and utilities, the current population of the land to be annexed, and the fiscal impact to the City. Staff has evaluated these factors and has no concerns. State law requires public hearings be held. Tonight is the second public hearing, last night was the first. The third public hearing will take place on April 18th at 6:00 p.m. when a rezoning request will also be considered. Mayor Loughmiller stated there will be no action tonight as this item is only for public input. The third and final public hearing and the rezoning case will be heard on April 18th.

Council unanimously approved the motion by Council member Ussery, seconded by Mayor Pro Tem Pogue, to close the public hearing. Mayor Pro Tem Pogue requested that Transportation Engineering Manager Gary Graham conduct research to see if a Traffic Impact Analysis was done in conjunction with the subdivisions just south of Bloomdale Road. If the study was done, please report to us the results of that study. Also, research the impact this subdivision, if given the SF5 zoning, would have

on Bloomdale Road in regards to traffic demands, current traffic flow, any improvements needed, and future impact as the area develops, and report this information prior to the Council's consideration of the rezoning request at the April 18th meeting. Mr. Graham stated we would not require a Traffic Impact Analysis for a development of this size. The City has taken ownership of CR123 east to Lake Forest, however, to the west toward Custer Road is generally outside of the city limits. We do not have any responsibility to Baxter Well Road as it is a County Road. Mayor Loughmiller also inquired as to the timeline for the City's responsibility of CR123. Mr. Graham stated that generally the thoroughfares are built as development occurs. We have been able to use CIP dollars to get infrastructure hurdles completed and allow development to open up. Mayor Loughmiller stated the County's focus continues to be on the major north/south arterials and their priority list for projects they fund is not in line with our priority list. There is a change within the County to shift the responsibility back to the City to build the infrastructure or have the adjacent developer build it. There is no action on this item tonight.

16-367SU3 Mayor Loughmiller called for a Public Hearing to Consider/Discuss/Act on a Specific Use Permit Request for a Bed and Breakfast (Waddill Street Bed and Breakfast Inn), Located at 215 North Waddill Street, and Accompanying Ordinance. Planning Manager Matt Robinson stated the applicant is requesting approval of a Specific Use Permit to allow for a bed and breakfast at 215 N. Waddill Street. The item was tabled at the February 21st meeting so the applicant and the adjacent property owner to the west could agree on screening for vehicle parking. An agreement has been reached whereby fencing will be provided on the adjacent property to screen parking at the bed and breakfast facility. Staff has reviewed the request and recommends approval. Ms. Joanna Joplin, 216 E. Virginia, McKinney, on behalf of the applicant, stated that an

agreement has been reached with the adjacent property owners and they have withdrawn their objection to the SUP. She stated this will be a high-end facility with rates of \$400 to \$500 per night and will bring tourism to the downtown area of McKinney. Mayor Loughmiller called for public comment.

Mr. Robinson stated the SUP for the bed and breakfast does run with the land. Council approved the motion by Council member Branch, seconded by Council member Day, to approve an Ordinance granting a Specific Use Permit Request for a Bed and Breakfast (Waddill Street Bed and Breakfast Inn), located at 215 North Waddill Street, with a vote of 5-1-0, with the following special Ordinance provision: the property shall generally develop in accordance with the associated site layout exhibit. - 16-193Z2** Mayor Loughmiller called for a Public Hearing to Consider/Discuss/Act on a Request to Rezone the Subject Property from "PD" - Planned Development District and "CC" - Corridor Commercial Overlay District to "C2" - Local Commercial District and "CC" - Corridor Commercial Overlay District, Located Approximately 520 Feet East of Community Avenue and on the South Side of U.S. Highway 380 (University Drive), and Accompanying Ordinance. Director of Planning Brian Lockley stated this request is to allow the property to develop with commercial uses. There is a companion item tonight to request approval of a SUP for an automotive care center at this location. Attempts to develop this property

in the past have failed due to the amount of floodplain and trees. If the SUP does not pass, the zoning, if approved, would remain in place on this property. If rezoned, other uses that would be permitted on this property include fitness facilities, park or playground, swim or tennis club, indoor theater, bakeries, banks, barber shop, and similar type uses. Mr. S.I. Abed, DDC, Inc. 503 Wade Court, Euless, representing the applicant, stated that others had unsuccessfully tried to develop this property, as it was a difficult property to develop due to various issues. Mr. Abed stated that they were creating a buffer on the south side by not cutting the trees, adding a fence, and satisfying all of the City's screening requirements. Mayor Loughmiller called for public comment and there were none. Council approved the motion by Mayor Pro Tem Pogue, seconded by Council member Ussery, to close the public hearing and approve the item as submitted, by a vote of 5-1-0, with Council member Branch voting against. request for an automotive care center at this location. The bay doors would open to the northeast facing Highway 380 with the back of the building facing the adjacent residential area. The applicant is providing a ten foot buffer and a 20 foot landscape buffer around the area. The applicant will be required to develop the site with the plan as presented for automotive uses. Mayor Pro Tem Pogue stepped down from the dais for the following agenda item.

17-313 Mayor Loughmiller called for Consideration/Discussion/Action on a Resolution of the City of McKinney, Texas, Authorizing Variances to the No Floodplain Rise Restriction of the Stormwater Ordinance for Certain Properties Along Honey Creek and the East Fork of the Trinity River Near U.S. 75. Director of Engineering Mark Hines stated the developer of this property is requesting a variance to the Stormwater Ordinance that precludes any activity that would cause the floodplain to rise at all. There has been a fair amount of construction in this area which caused a significant rise in the floodplain downstream from the Highway 75 project.

The FM543 project mitigated that somewhat and caused the floodplain in the area of the development to rise. The developer has plans to reclaim part of the floodplain which does cause a rise in the areas downstream and adjacent to the development. They range from 2/100th of a foot to 1/10th of a foot but most are in the range of 0.6 feet. Staff is recommending approval of this variance request. At staff's request, the owner did send out letters to all affected property owners. Staff did not receive any protests to this request. Council approved the motion made by Council member Ussery, seconded by Council member Branch, to approve a Resolution of the City of McKinney, Texas, authorizing variances to the No Floodplain Rise Restriction of the Stormwater Ordinance for certain properties along Honey Creek and the East Fork of the Trinity River near U.S. 75 with a vote of 5-0-1, Mayor Pro Tem Pogue abstaining. Councilwoman Rath stated that with a lot of negativity surrounding the upcoming election, she is grateful to be a part of the McKinney community, to see our staff stand together in support of one of their own at the funeral of Assistant Fire Chief Mock's family members.

Council member Branch echoed Ms. Rath's comments. It makes me appreciate the staff we have here in the City of McKinney. Council and staff needs to look at the improvements we can make to Highway 380 to improve the flow and safety of this roadway.

Council member Day had no comments.

Council member Ussery expressed his sympathy to Assistant Chief Mock. Congratulations to the Fire Department on their recognition. This is an example of the exemplary staff we have and the great job they do day in, day out that does not go unnoticed. Congratulations to the Horned Frogs going to New York to the NIT finals.

Mayor Pro Tem Pogue also sent out condolences to Assistant Chief Mock and his family and also congratulations to the Fire Department for their recognition of the Texas Fire Chiefs Association Best Practices. This is an additional testament to the City.

Mayor Loughmiller sent out his condolences to the Mock family. He lost his father and sister in that tragic accident on Highway 380. Our prayers are with him and his family. He is very resilient and has proven his strength during this time.

City Manager Grimes stated that several staff and Council will be attending Collin County Days at the State Capitol next week. The North Texas Municipal Water District has scheduled dates for member cities and customer communities to participate in a tour of the Wylie Water Treatment Plant. Staff reports that we had more single family lots approved for construction, at 407, in February 2017 which was more than in the first four months combined in 2016. If we keep this pace we will break the record just set in 2016. Texas Trash-Off and the annual Arts in Bloom will be held April 8th. Residents are invited to help keep the City beautiful by picking up trash along roadways that morning and then head downtown for the Arts in Bloom Festival which is April 7th through 9th with music, food, fun and shopping for the whole family. Information about all of these events can be found on our website.
