McKinney, Texas 75069

RE: Removal of School Zone at Scott Johnson Middle School  
James Pitts Drive

Dear Mr. Huynh:

This is written in support of the proposed removal of the school zone at Scott Johnson Middle School along James Pitts Drive. The current developments east of Scott Johnson Middle School are commercial and thus the students are not required to cross James Pitts Drive along their routes to school. McKinney ISD (MISD) requests that the school zone for Scott Johnson Middle School along Community Avenue remain active and unaffected by this modification.

For reference, the school zone along James Pitts Drive proposed for removal is specifically described in Section 62-236 of the City of McKinney Code of Ordinances. The zone on James Pitts Drive begins 1300 feet north of Wilmeth Road and extends along the Bus Barn and the east property line of Scott Johnson Middle School. MISD supports complete removal of this school zone.

If you have any questions or need additional information please feel free to contact me at (469) 302-4096.

Sincerely,

  
Robert Montgomery  
Director of Safety, Security and Transportation
