Re: CO-1705 - FY 17 Substandard Utility Replacement and Street Replacement  
Umbrella Projects South of Virginia

Dear Mr. Horn:

We have checked the bids received at 2:00 p.m., Thursday, July 26, 2018 for the FY 17 Substandard Utility Replacement and Street Replacement, Umbrella Projects South of Virginia. Two Contractors submitted bids on this project. No errors or bidding irregularities were encountered with the bids submitted.

Camino Construction, LP of Lewisville, Texas, submitted the low bid in the amount of \$2,591,750.00.

We have reviewed Camino Construction's Statement of Qualifications and references and find that Camino Construction has a record of satisfactorily completing similar projects for the Cities of Dallas, Garland and McKinney. We were able to contact and speak with the City of Dallas, City of Garland and City of McKinney references regarding their projects with the Contractor and found no substantial irregularities. This contractor has reported in their statement of qualifications they have been performing work similar to this project for over 30-years. In our opinion, Camino Construction has the experience and capability to construct the FY 17 Substandard Utility Replacement and Street Replacement project.

Accordingly, we recommend the City accept the bid submitted and award a construction contract to Camino Construction, LP in the amount of \$2,591,750.00 for construction of the FY 17 Substandard Utility Replacement and Street Replacement project. We are available to discuss this project and our recommendation further at your convenience.

Sincerely yours,

  
Matt Hickey, P.E.
