McKinney Property Owner

Re: Multi-family Notification of Public Meeting regarding the Surface Water Drainage Utility System Fee and Ordinance Modifications

Dear McKinney Customer:

The Engineering Division is hosting a public meeting to discuss a potential increase in the Surface Water Drainage Utility System (SDUS) Fee. The potential fee is being proposed to account for cost increases from federal stormwater pollution control mandates and city creek/lake improvements.

City Council established the SDUS fee in 2002. The multi-family fee is currently set at the rate of \$2.75 per unit. The rate is scheduled to change to \$1.33 per thousand square feet of impervious surface.

The Engineering Division of the City of McKinney will hold a public meeting at 2 p.m. on Friday, January 16 in the Council Chambers of City Hall located at 222 N. Tennessee St., McKinney, TX 75069. The meeting is especially for multi-family property owners in order to provide information regarding the proposed SDUS fee and ordinance modifications. You have been identified **as a property owner who may see a significant increase and are encouraged to attend this meeting.**

For more information about the SDUS fee in McKinney, please visit www.mckinneytexas.org/stormwater.

Sincerely,

Michael P. Hebert, PE, CFM, CPESC
Assistant Director of Engineering
City of McKinney
