Dear Cindy,

This is a formal request for a six month extension on our Cotton Groves Infrastructure grant.

Habitat is in the final stretch on the infrastructure, we've sent out our RFP's, the bids have all come back, we're prepared /awarded contracts to begin work, but the City staff has asked us to go back to P&Z to fix a technicality in the PD.

The final plat is approved and we will start the dirt work, but this delay will delay the paving portion of the infrastructure.

We have done everything in our power to move this forward, but the City staff keep coming up with new barriers/technicalities/comments each submittal we make.

I hope you understand.

Updated timeline:

P&Z – May 28th

City Council - June 25th
