Fiscal Note for Going paperless;

If we wanted to go paperless for at least the open session portion of the board meeting we could project the agenda on the overhead and provide iPad's to each board member, liaison and CM. Below is the cost to do this via the City of McKinney I.T. dept. purchasing.

iPad = \$529.99 each
Data service = \$455.88 per year

First year total for 10 iPad's (board members, liaison's, CM) = \$9,858.70
Second year total = \$4,558.80

I.T. recommends at 2 year refresh cycle on hardware....
