2/6/11

Dear Gordon

I would like to acknowledge that the McKinney Lacrosse Club continues to support you on your Turf Field project. Outdoor fields in McKinney that can be used in the months from December 1st through February 28th are non-existent other than the MISD fields when available.

Our program has experienced a huge growth this spring, almost 36% and we cannot get enough field time at the MISD fields in those months.

The Turf fields also offer the benefit of not being shut down due to rain which is a constant problem in the spring season for us.

Sincerely

Alex Heppner
President
