

## August 2014 Parks, Recreation and Open Space Advisory Board Report

- This is the second consecutive summer that the City of McKinney Aquatics Department has joined with the Angel’s League in having a swim lesson for children with special needs at the Juanita Maxfield Aquatics Center. The Angel League completed their last swim lesson of the summer on Saturday, August 9th. The Aquatics staff works with children ages Pre-K to High School. Our program emphasizes safety and independence by working one-on-one with the children and building confidence. Many of these kids have limited communication skills, and swimming is a great way for them to interact and grow in a real-life setting

- The outdoor pools JMAC and OSAC are closed until next Summer season.
- The McKinney Swim School resident registration online started on August 18<sup>th</sup> and non-resident online and walk-in registration started on September 2. The first fall session starts on September 16th, 2014.
- 2013-2014 Participation      Summary
