Mr. Gray stated that the school district has requested that the SROs would be dedicated full time to the high schools. Mr. Gray stated that if there are any issues at a middle school, the SRO would still respond and if there is an emergency, then the police department would be called. Council unanimously approved the motion by Mayor Pro-Tem Ussery, seconded by Council member Harris, to approve a Resolution authorizing the City Manager to enter into a Professional Services Agreement with the McKinney Independent School District for School Resource Officers to be assigned full time to McKinney High Schools. - 11-176Z4** Mayor Loughmiller called for a Public Hearing to Consider/Discuss/Act on the Request by Out of Space Self Storage, on Behalf of RWMD Limited Partnership and Oyen Huang, for Approval of a Request to Rezone Approximately 4.50 Acres, from "PD" - Planned Development District to "PD" - Planned Development District, Generally to Modify the Development Standards and Allowed Uses, Located on the West Side of

Hardin Boulevard and Approximately 300 Feet North of McKinney Ranch Parkway, and Accompanying Ordinance. Planning Director Michael Quint stated that the applicant is requesting to rezone the subject property generally to allow a mini warehouse facility. He stated that the proposed rezoning request is in conformance with the Comprehensive Plan and staff recommends approval of the rezoning request. Mr. Quint stated that the Planning and Zoning Commission recommended denial of the rezoning request. Mr. Quint stated that the allowed uses by right for the subject property are: church, clinic, operate an auto repair, motorcycle, boat repairs, storage facility, gas station, mortuary, and auto dealership. Applicant, Mr. Joe Feagin, 577 Country Club Road, Fairview explained that the proposed request would benefit the community and would put a buffer adjacent to the public areas. He stated that they have addressed traffic issues and moved the proposed development from the west end so it would not be as close to the adjacent neighborhood. Mr. Quint stated that canopy trees are required and the applicant is proposing canopy trees as well as evergreen shrubs. Council member Kever stated that there was concern that both phases would not be built at the same time. She stated that her concern is proximity of the site with the school. Mr. Fagin stated that when the buildings are completed all that would be seen would be the masonry and wrought iron fencing. He stated that all of their tenants would have to go through Hardin Drive and not through Aspen. Mayor Loughmiller called for public comment.

The following individuals spoke against the proposed rezoning request:

Ms. Sue Ellen Stokes, 2708 Jacques Lane, McKinney

Mr. Robert Masterson, 3805 McClintick, McKinney

Ms. Barbara Moore, 3612 Kathrum Way, McKinney

Ms. Leanna Wooten, 3204 Brentwood Drive, McKinney

The following individual spoke in favor of the requesting request:

Ms. Kim Leidy, 1555 County Road 2125, Ivanhoe

Council member Brooks stated that Council has stated in the past that they would not change the zoning if there was an existing residential area adjacent to any property. These homes were built knowing what the zoning was in the surrounding properties. He stated that approving the rezoning would send a bad message. Council unanimously approved the motion by Council member Keever, seconded by Council member Brooks, to deny the Request by Out of Space Self Storage to rezone approximately 4.50 acres, from "PD" - Planned Development District to "PD" - Planned Development District, generally to modify the development standards and allowed uses, located on the west side of Hardin Boulevard and approximately 300 feet north of McKinney Ranch Parkway.

12-755 Mayor Loughmiller called for a Public Hearing to Consider/Discuss/Act on the Budget Appropriation Ordinance for FY 2012-13. City Manager Jason Gray stated that this is the second public hearing on the 2012-2013 FY Budget which includes a total of five new police officer positions. Mr. Gray stated that the budget is based on the property tax remaining the same at \$0.5855 per \$100 valuation. Council member Ricchi stated that he had asked to include funding for a neighborhood park adjacent to McClure Elementary School. Mr. Gray stated that the reason it is not included in the budget appropriation is that they would need to have park development dollars as part of the capital improvement projects budget and not from the general fund budget. He stated that the City does not have funding allocated for the development of that particular park and that there is park development funds available in any given fiscal year and the question is how those funds get allocated out and prioritized. Mr. Gray presented the water and wastewater fund budget and fee changes which includes a 2½ percent increase in the total fees which would be just water and sewer excluding trash collection. Council member Harris stated that there should be some differentiation between

large consumers versus average consumers. He stated that he felt that the system is geared more towards the residential user and no consideration is given to the larger users. Mr. Gray stated that the unpredictability of water costs over the next several years is part of the methodology taking this incrementally and annually as opposed to using the five to ten year projection or loading up all the costs in year one. Mr. Gray stated that the new positions are budgeted for a 12 month period with the exception of the two parks maintenance workers that are funded for six months.

Mayor Loughmiller called for public comment.

Mr. Tom Macri, 2200 Taylor Burk Drive, McKinney spoke about the increase in cost of medical benefits for City employees. Staff had a big increase last year and they are being asked to cover another large increase again this year. Council unanimously approved the motion by Council member Geralyn Keever, seconded by Council member Roger Harris, to approve a Budget Appropriation Ordinance for FY 2012-13.
