Citizen Comments

My comment is for the: Planning & Zoning Commission

Date of Meeting: 9/21/2021

My public comments are for an item: ON the Agenda

Agenda Item #: 21-0008A/21-0087Z2

Support or Oppose Agenda Item?: Oppose

Public Comments

Due to legal requirements, the Council or specified Board cannot take action on Citizen Comments topics; however they can:

- *Provide statements of fact regarding the topic,*
- *Request the topic be included as part of a future meeting, and / or*
- *Refer the topic to city staff for further study, conclusion, or assistance.*

Comments: As a parent of of two you g boys that play at the Fairview soccer complex I am greatly opposed to a use which would result in potential public health issues and with the following

considerations:"

- Proximity to AYSSES, with the 200-foot radius extending to the middle of our fields
- Cement manufacturing and recycling are sources of airborne irritants including dust and sulfur dioxide, nitrogen oxide, carbon monoxide (per the EPA) and silica, a deadly chemical (per OSHA)
- These issues are related manufacturing as well as recycling of cement
- Health issues affecting the lungs and vision, specifically those working or exercising outdoors
- Affected population including children, people with asthma, the elderly
- The number of days our children are at practice, tournaments, league play at FSP
- McKinney City Council's own resolution citing the numerous health and nuisance issues of existing concrete plants

We ask all this be taken into consideration and staying true to keeping McKinney clean and a safe place for all.
