Re: WA4415; Bid No. 19-01CC
U.S. 380 Water Line Improvements

Dear Mr. Horn:

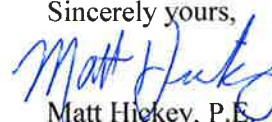

We have checked the bids received at 2:00 p.m., Thursday, October 4, 2018 for the U.S. 380 Water Line Improvements . Five contractors submitted bids on this project. No errors or bidding irregularities were encountered with the bids submitted.

Pittard Construction Company of Allen, Texas, submitted the low bid in the amount of \$1,750,001.16.

We have reviewed Pittard Construction's Statement of Qualifications and references and find that Pittard Construction company has a record of satisfactorily completing similar projects for the Cities of Allen, Plano, Frisco and Dennison. We were able to contact and speak with the City of Allen, City of Frisco and the City of Dennison references regarding their projects with the Contractor and found no substantial issues. This contractor has reported in their statement of qualifications they have been performing work similar to this project for over 9-years. In our opinion, Pittard Construction Company has the experience and capability to construct the U.S. 380 Water Line Improvements project.

Accordingly, we recommend the City accept the bid submitted and award a construction contract to Pittard Construction Company in the amount of \$1,750,001.16 for construction of the U.S. 380 Water Line Improvements project. We are available to discuss this project and our recommendation further at your convenience.

Sincerely yours,

Matt Hickey, P.E.
