Re: Request For Zoning to be Tabled, File # 17-250Z

Dear Mr. Lockley:

We are the owners of the property located at 3360 Private Road 5441 (4692 County Road 164) and identified by tax parcel identification number R370200001001 (PIDN – 2055988). The City of McKinney is scheduled to consider annexation for this Property on November 7, 2017. We are adamantly opposed to this forced annexation.

We are respectfully requesting that our zoning case be tabled due to public notification signs not being properly posted on our property. The sign is hidden between trees and bush and is not visible from either direction.

Also, we notice no signs in areas proposed for annexation and other signage not visible. County Road 1006 is another location with signs not visible.

Please feel free to contact us at _____ if you require additional information. Thank you for your consideration.

Sincerely,

Katherine Lynn Cooper

Christopher B. Cooper
