NOW THEREFORE, for and in consideration for the mutual obligations of the Parties set forth herein, the Parties agree as follows:

1. Section 2.3 of the 2012 Agreement is replaced in its entirety by the following:

Section 2.3 Planning Unit Preliminary-Final Plats. The submittal of each preliminary-final plat within a Planning Unit (a “Preliminary-Final Plat”) shall be accompanied by a plan showing the approximate location of arterial and collector streets within that Planning Unit and a schedule showing, for that Preliminary-Final Plat and on a cumulative basis for all Preliminary-Final Plats submitted to date, the mean lot size, the number of single family attached and detached lots to be develop in conformance with the standards set forth in the Development Agreement, as amended from time to time. Each Preliminary-Final Plat will be prepared in accordance with the requirements of the City and the Governing Regulations. Each Preliminary-Final Plat shall be reviewed by the City staff to determine compliance with the Governing Regulations and shall be approved by the Planning and Zoning Commission if it determines to Preliminary-Final Plat complies with the Governing Regulations.

2. Section 3.9.3 of the 2012 Agreement is replaced in its entirety by the following:

*Section 3.9.3 Prior to eighteen (18) months after Owner or District completes all required adjacent streets and water and sanitary sewer utilities necessary to serve the Fire Station Facility (defined below), City shall have completed the construction and equipping of a fire station facility, as such is more fully described hereafter. The fire station facility shall be located on the parcel (which shall have all required adjacent streets and water and sanitary sewer utilities installed by Owner or District no later than July 31, 2018) so identified on **Exhibit C-6** (the “Fire Station Property”), unless otherwise mutually agreed, in writing, by Owner, City and District. The City, at its cost, however combined with the Owner’s Share (defined hereafter), shall complete the construction and equipping of the fire station facility, including all soft costs, equipment, furniture, fixtures, fire apparatus, and vehicles, having reasonably consistent characteristics of size, type, quality and quantity as the fire station facility currently known as Station #9, located at 4900 Summit View Dr., McKinney, Texas (the “Fire Station Facility”) as described in **Exhibit C-6A**. Notwithstanding the foregoing, Owner shall share in the soft costs and capital costs of the Fire Station Facility’s improvements and equipment (the “Owner’s Share”) in an amount equal to the lesser of (a) 90% of the City’s estimated capital costs of the Fire Station Facility, or (b) \$7,650,000.00. Not earlier than January 1, 2018, City shall notify Owner of the date at which Owner shall convey the Fire Station Property to the City at no cost, including an owner’s policy of title insurance, satisfying all Schedule C items required by City on the owner’s policy of title insurance (the “Closing”). On a date determined by City and which date is after January 1, 2018, Owner shall pay to the City \$765,000.00 of the Owner’s Share. On or before February 1, 2018, Owner shall fund \$6,885,000.00 into the required account under a Set Aside Letter, in form acceptable to the City, from which the City may draw Owner’s funds at its discretion for soft costs and capital costs beginning not sooner than February 1, 2018. If Owner cannot provide a Set Aside Letter acceptable to City, Owner shall pay City the balance of Owner’s Share in cash on February 1, 2018. Notwithstanding the foregoing*

*allocation of Fire Station Facility costs, the Owner's Share shall be proportionally adjusted upward if the acreage (after inclusion by the terms of this Amendment of Tract C, MUD No. 2 as shown on **Exhibit B-4C**) contained in the Property increases through annexation by MUD No. 1 or MUD No. 2 under Section 12.18.6. If the Owner's Share increases due to District annexation, the Owner shall simultaneously pay to City the correlative amount of Fire Station Facility capital costs as applied to such increase, less any equipment depreciation (on a straight-line basis), at the time of each annexation. In addition to the obligation to pay the Owner's Share above, Owner shall be responsible to pay an amount equal to 70% of one (1) year's aggregate cost of the employee compensation and training costs for eighteen (18) newly-hired personnel necessitated by the opening of the Fire Station Facility, based upon the annual, budgeted costs of a firefighter position (and training) in the budget year in which the Closing occurs (the "Owner's Training Costs Share"). The payment of the Owner's Training Costs Share shall be in two (2) installments, with the first installment equal to 60% of the Owner's Training Costs Share being due and payable at the time of Owner's first payment of the Owner's Share and the balance being due and payable six (6) months thereafter. Thereafter, and on an annual basis and beginning on the first anniversary of the first day of operations at the Fire Station Facility, Owner or MUD No. 1 or MUD No. 2 shall make payments to the City for a percentage of all personnel, equipment, building maintenance, and other costs to provide Fire Services, save and except the costs of providing EMS services from the Fire Station Facility, based upon the geographic areas within and outside of MUD No. 1 and MUD No. 2 served by the Fire Station Facility, as such geographic areas are reasonably defined from time to time by the City as shown on **Exhibit C-6B**. The parties acknowledge that EMS services are rendered and billed to the resident/patient on a per-occurrence basis; in the same manner that such services are provided to persons within the city limits.*

3. Section 5.1.1.2.4 of the 2012 Agreement is replaced in its entirety by the following:

Section 5.1.1.2.4 design, acquire easements for, construct, and tender for dedication to and acceptance by the City, those additional on-Property water Public Infrastructure items ("water Public Infrastructure") described on the City's Water Master Plan or as otherwise required by the City Engineer, said additional water Public Infrastructure to be constructed prior to or at the time of need, depending on Property development phasing, or as may be necessitated due to concurrent construction of other improvements, such as roadways. Any and all dedications of water Public Infrastructure to the City shall include the dedication of water easements within which such water Public Infrastructure is constructed thereby affording the City the right to construct, reconstruct, inspect, patrol, maintain, and add to or remove all or parts of water Public Infrastructure, without the necessity, at any time, of procuring the permission of anyone. To the extent that any water Public Infrastructure has been, or is hereafter, constructed

within a right-of-way dedicated to District, Owner shall convey or direct the District to convey, by separate easement instrument, in form acceptable to the City, the corresponding water easement(s) that contain such water Public Infrastructure to City thereby affording the City the right to construct, reconstruct, inspect, patrol, maintain, and add to or remove all or parts of water Public Infrastructure at any time.

4. Section 5.1.2.2.2 of the 2012 Agreement is replaced in its entirety by the following:

Section 5.1.2.2.2 design, acquire easements for, construct, and tender for dedication to and acceptance by the City in accordance with the Subdivision Ordinance, those additional sewer Public Infrastructure items required to serve the Property, as typically required elsewhere in the City. Any and all dedications of sewer Public Infrastructure to the City shall include the dedication of sewer easements within which such sewer Public Infrastructure is constructed thereby affording the City the right to construct, reconstruct, inspect, patrol, maintain, and add to or remove all or parts of sewer Public Infrastructure, without the necessity, at any time, of procuring the permission of anyone. To the extent that any sewer Public Infrastructure has been, or is hereafter, constructed within a right-of-way dedicated to District, Owner shall convey or direct the District to convey, by separate instrument, in form acceptable to the City, the corresponding sewer easement(s) that contain such sewer Public Infrastructure to City thereby affording the City the right to construct, reconstruct, inspect, patrol, maintain, and add to or remove all or parts of sewer Public Infrastructure, at any time.

5. A new Section 5.1.2.4 is added to the Development Agreement as follows:

*Section 5.1.2.4 The Owner may construct, at its expense and not subject to impact fee credits and utilize a temporary sanitary sewer lift station (the "**Lift Station**") for those areas located along the western side of the Property which do not gravity feed into the Off-Site Sewer constructed by Developer pursuant to Section 5.1.2.2.1 in the 2012 Agreement until such time, and in City's sole discretion, as a sanitary sewer gravity line is extended by the City or others along Hardin Road adjacent to the those areas being served by such Lift Station, at which time Owner, at Owner's expense, shall decommission the Lift Station and connect its facilities to gravity feed lines.*

6. Section 5.1.3.5 of the Development Agreement is replaced in its entirety by the following:

Section 5.1.3.5 In the event the City uses its power of eminent domain under Section 5.1.3.12 for the acquisition of off-Property right-of-way and easements for the construction of FM 543/Trinity Falls Parkway as a four-lane, divided thoroughfare and Owner has delivered to the City by October 17, 2017, legal descriptions of all such off-Property right-of-way interests sufficient to begin

eminent domain proceedings for those rights-of-way and easements that Owner has been unable to acquire through negotiation, City shall diligently pursue such proceedings. Within 90 days after all right-of-way and easements have been acquired, Owner shall commence construction of FM 543/Trinity Falls Parkway as shown on Exhibit C-5 and shall diligently pursue completion thereof in conformance with City standards prior to the issuance of the 1,100th building permit, after which any building permit issuance shall cease until completion; and upon completion and approval by the City of FM 543/Trinity Falls Parkway, building permits for up to an aggregate total of 1,760 Dwelling Units may be issued until the conditions described in Section 5.1.3.7 are satisfied; however, permit issuance shall otherwise cease until the conditions in Section 5.1.3.7 are satisfied. The City Engineer, at his discretion, may allow additional Dwelling Unit permits prior to approval of the completion of construction if the road is safe for public use. Without limiting the items required for opening the road for public use, the following must be completed where applicable: pavement, striping, lighting, signage, guard rails, sidewalks, and other items the construction and installation of which would cause unsafe conditions if performed while the roadway is open.

7. A new Section 12.18.8 is added to the Development Agreement as follows:

Section 12.18.8 Right of Entry. For so long as the CCOL ROW is held in escrow under the provisions of Section 12.18.1 above, Owner grants to the City a right of entry onto the CCOL ROW for the purpose of performing inspections and relocating existing utilities as determined by the City, in its coordination with Collin County, as a prerequisite to the use of the CCOL ROW for the CCOL.

8. Section 12.18.3 is replaced in its entirety by the following:

*Section 12.18.3 Reserved Land. Owner agrees to reserve for development approximately 52 acres adjacent to the north and south boundaries of the CCOL ROW as depicted on the Concept Plan - Land Use attached hereto as **Exhibit C-1** (the "Reserved Land"). If the CCOL Deed is returned to Owner as provided in subsection "(a)" above, the reservation described herein terminates and the Reserved Land can be developed in accordance with the Concept Plan Alternate – Land Use attached as **Exhibit C-1A**.*

9. Since the effective date of the Second Amendment, the Parties acknowledge certain additions to the Property as described therein. In order to accurately reflect the depiction of the Property to which the Development Agreement applies, a new exhibit entitled "*Exhibit A District M.U.D. Map*" has been prepared to be substituted for the Exhibit A in the Development Agreement. From and after the effective date of this Third Amendment, all references in the Development Agreement to Exhibit A shall mean and refer to the **Exhibit A** attached hereto, which is incorporated herein for all purposes. Notwithstanding any other provision of this Third Amendment, Owner shall acquire fee title to M.U.D. No. 2 Tract C on or before November 1, 2017 as an express condition of

this Agreement becoming effective (the “MUD Annexation Condition”). Upon written notice and presentment of a filed deed(s) evidencing Owner’s acquisition of the entire M.U.D. No. 2 Tract C, this agreement shall be in full force and effect (the “Effective Date”). If Owner fails to satisfy the MUD Annexation Condition, this Agreement shall automatically be null and void, and the Second Amendment to the 2012 Development Agreement shall continue in full force and effect and without amendment.

10. In accordance with Paragraph 9 above new legal descriptions have been prepared to accurately define the limits of those areas shown on **Exhibit A** as M.U.D. No. 1, Tract A, M.U.D. No. 1 Tract B, M.U.D. No.1 Tract C, M.U.D. No. 2, Tract A, M.U.D. No. 2 Tract B and M.U.D. No. 2 Tract C.
