

I am excited to be part of the team at McKinney EDC and my first full month has been action-packed. I have taken over the networking and marketing duties for several organizations in which the MEDC participates. These include Bisnow real estate events as well as CoreNet Southwest Chapter and CoreNet Global functions. I also plan to take part in McKinney's trade missions with DCI, Texas One, and the Dallas Regional Chamber. In addition to the marketing and networking activities, I have worked on a rapidly-developing prospect for McKinney National Airport and multiple OEDT proposals.
