Re: Site Plan submittal for neighborhood park

Dear Kathy,

The City of McKinney Parks, Recreation and Open Space Department is submitting an application for site plan approval for a new neighborhood school park. The property is located generally at the southeast corner of JFK Drive and Westridge Boulevard.

The 16 acre park will contain open practice fields, splash pad, large pavilion, 2-5 year old play structure, 5-12 year old play structure, perimeter hike and bike trail, swings, landscaping, parking lot and benches throughout.

Please let me know should you have any questions.

Sincerely,

Jenny Baker
Senior Park Planner
