

# DIRECTOR'S REPORT

February 2019

Digital Resources and computer use saw a large increase, and adult programming continued to grow.

## January Highlights

Fewer programs were planned at JJGL due to anticipated construction dates.

The Library Hosted a WIDE variety of programs for all ages.

## The Numbers

### Circulation

### Attendance Per Program

## The Whole Story

There was an overall decline in circulation vs. Last January, despite an increase in library visits. We also saw a drop in new library cards and volunteer hours. We are working to address this.

## Vision and Mission

### Mission:

We serve our community by providing access to materials and experiences that educate, inform, and entertain.

### Vision:

We build relationships and impact lives through discovery, learning, and fun.

JJGL Construction Contract goes to City Council on the 3/5/2019 Council Meeting!
