- c. No boat, trailer, camper trailer, motor home or other such recreational vehicle shall be parked or stored within the required front yard, except as may be permitted in the "ML" or "MH" districts. In Single Family residential districts, two family residential districts, and multiple family residential districts, the parking or storage of such vehicles is limited to the rear yard only, and is limited to a maximum of one pleasure boat and one unoccupied trailer or motor home designed for recreational use not to exceed 24 feet in length. This restriction shall not apply to the storage of a boat or other vehicle in a fully enclosed building.
- d. Parking prohibitions on unsurfaced areas shall be as follows:
 1. No car, truck, or other vehicle shall be parked on an unsurfaced area of the front yard. This provision shall not apply to those lots platted prior to the effective date of Ordinance No. 1270 (December 15, 1981).
 2. For lots platted prior to the effective date of Ordinance No. 1270 (December 15, 1981), no car truck, or other vehicle shall be parked on an unsurfaced area of the front yard if the lot has a concrete, asphalt, or gravel driveway.
 3. If a concrete, asphalt, or gravel driveway does exist for a lot platted prior to the effective date of Ordinance No. 1270 (December 15, 1981) and unique circumstances prevent strict adherence with subsection (7)d.2 of this section, the Chief Building Official may consider an exception to the provisions of subsection (7)d.2 of this section. The applicant shall prove that the exception from the zoning regulations is warranted under the circumstances presented. The Chief Building Official may approve the exception with conditions to limit the number of vehicles to be parked on an unsurfaced area, the area to be parked on, etc. The decision of the Chief Building Official may be appealed to the Board of Adjustment. The exception may be granted if the Chief Building Official or his designee finds that:
 - (i) Unique circumstances exist on the property, such as substandard lot size, size or location of existing structures, trees or topographical features, which make the application of subsection (7)d.2 of this section unduly burdensome;

- (ii) The exception will have no adverse impact on current or future development;
- (iii) The exception will have no adverse impact on the public health, safety, and general welfare; and
- (iv) A financial hardship shall not be considered a hardship for granting an exception."

Section 7.

That the Code of Ordinances, City of McKinney, Texas, Section 146-132(3)(a) and Section 146-132(3)(b) of the Zoning Regulations, is hereby amended and shall read as follows:

- "a. Screening devices shall be placed along any property line or district boundary between any single family detached or attached or any two-family zoning or use and any mobile home park, or non-residential use, but not across a dividing street between such uses. An alley shall not be considered a dividing street for purposes of this section. The more intensive use shall have the responsibility for providing and maintaining the screening device.
- b. Multiple family residential developments outside of the Regional Employment Center Overlay district shall provide and maintain a six foot tall masonry screening wall along all side and rear property lines."

Section 8.

That the Code of Ordinances, City of McKinney, Texas, Section 146-135(f)(17) through Section 146-135(f)(20) of the Zoning Regulations, is hereby amended and shall read as follows:

- "(17) Multiple family residential uses shall provide a landscaped buffer of at least twenty feet (20') in width along all property lines planted with one canopy tree (minimum three-inch caliper and seven feet in height at time of planting) for each 30 linear feet or portion thereof of adjacent exposure. The trees along the street frontage may be clustered, while the trees along all other property lines may not.
- (18) Evergreen shrubs (acceptable for six-foot screening) shall be provided around dumpster screening wall, and the plant materials must be a minimum of three feet (3') in height at the time of planting, unless not visible from public right-of-way or a public use area.
- (19) For all single family and duplex parcels, builders shall be required to plant two canopy trees (minimum of three-inch caliper and seven feet high at time of planting) per lot, prior to obtaining a certificate of occupancy. At least one of the trees shall be located in the front yard. An existing quality tree of at least six-inch caliper size located on the lot may be counted towards the requirement for a three-inch caliper tree, if appropriate tree protection measures have been followed.
- (20) For all townhome parcels a minimum of 20 square feet of useable open space shall be required per townhome unit. This additional open space shall not include the parkland dedication requirement as outlined in section 142-152 of the Subdivision Ordinance, any required landscape areas as outlined in section 146-135, or any required spacing between buildings. Open space pockets shall be designed to be located over the entire site in order to break up density and serve the entire development. Open space pockets shall be required to be a minimum of 1,000 square feet and a maximum of 2,000 square feet for townhome developments over 50 units. The applicant may request an increase in the maximum allowed useable open space requirement with site plan approval."

Section 9.

That the Code of Ordinances, City of McKinney, Texas, Section 146-139(k)(3)a of the Zoning Regulations, is hereby amended and shall read as follows:

"a. Multi-family projects shall not be required to achieve a minimum point score, and shall be approved if all the following criteria are met:

1. All buildings, including covered parking, shall have a pitched roof with a 4:12 minimum pitch.
2. The exterior finish on each side of every multi-family structure shall be a minimum of 85 percent brick, stone, or synthetic stone materials, with the remaining 15 percent of each side being wood lap siding, vinyl siding, stucco, cast concrete modular siding, or EIFS. Sheet siding fabricated to look like wood lap siding is prohibited. The area of exterior finish shall be calculated exclusive of doors and windows.
3. Walls located within interior courtyards shall be a minimum of 50 percent brick, stone, or synthetic stone materials, with the remaining 50 percent of each side being wood lap siding, vinyl siding, stucco, cast concrete modular siding, or EIFS.
4. 100 percent of total exterior building surfaces (exclusive of glass) shall be neutrals, creams, pastels, or deep, rich, non-reflective natural or earth-tone colors (including approved finishing materials). Examples of acceptable colors include, but are not limited to burgundy, forest green, navy blue, eggplant, rust, or ochre. Subtle variations of such colors shall also be permitted.
5. All covered and enclosed parking shall be of similar and conforming architectural design and materials as the main multi-family structures.
6. All parking areas shall be screened from view from public thoroughfares by one or more of the following:
 - (i) A combination of low masonry walls and earthen berms reaching a minimum of six feet tall;
 - (ii) Earthen berms reaching a minimum of six feet tall;
 - (iii) A six foot tall brick masonry, stone masonry, or other architectural masonry finish; or
 - (iv) A six foot tall primed and painted tubular steel or wrought iron fence with masonry columns spaced 20 feet on center with structural supports placed every 10 linear feet, and with sufficient evergreen landscaping to create a screening effect.
7. All paving for drives, fire lanes, and parking shall be concrete.
8. Only monument signs shall be permitted.

9. All multi-family residential buildings located outside of the Regional Employment Center Overlay District shall be limited to two stories in height.
10. Exterior stairways shall be covered with a roof, roof overhang, or porch.
11. Multi-family residential structures within 150 feet of an adjacent single family residential use or zone shall be situated so that no exterior facing window is oriented towards said adjacent single family residential use or zone."

Section 10. That the Code of Ordinances, City of McKinney, Texas, Appendix F, Section F-4 "Schedule of Uses" of the Zoning Regulations, is hereby amended and shall read as specified in Exhibit A, attached hereto.

Section 11. The caption of this ordinance shall be published one (1) time in a newspaper having general circulation in the City of McKinney, Texas and shall be effective immediately upon its passage and publication.

Section 12. If any section, subsection, paragraph, sentence, phrase or clause of this Ordinance shall be declared invalid for any reason whatsoever, such decision shall not affect the remaining portions of this Ordinance, which shall remain in full force and effect, and to this end, the provisions of this Ordinance are declared to be severable.

Section 13. That this Ordinance shall be cumulative of all other ordinances of the City and shall not repeal any of the provisions of said ordinances except in those instances where provisions of those ordinances are in direct conflict with the provisions of this Ordinance and such ordinances shall remain intact and are hereby ratified, verified and affirmed.
