END OF CONSENT

13-245Z2 Mayor Loughmiller called for a Public Hearing to Consider/Discuss/Act on the Request by Abernathy, Roeder, Boyd and Joplin, on Behalf of VCIM Partners, L.P., Tournament Players Club at Craig Ranch, L.P., and

McKinney Seven 185, L.P., for Approval of a Request to Rezone Fewer than 143 Acres from "PD" - Planned Development District and "REC" - Regional Employment Center Overlay District to "PD" - Planned Development District and "REC" - Regional Employment Center Overlay District, Generally to Modify the Development Standards, Located Approximately 200 Feet South of Collin McKinney Parkway and Approximately 230 Feet East of Custer Road, and Accompanying Ordinance. Director of Planning Michael Quint stated that the applicant is proposing to rezone approximately 142.04 acres of land generally to modify the development standards for single family residential (attached and detached) and multi-family residential uses. The subject property currently allows multi-family residential uses ranging from 2 stories up to 6 stories in height. He stated that the proposed rezoning request is a significant decrease in the allowable density. Mr. Quint stated the proposed rezoning request is not in keeping with the character outlined by the "REC"- Regional Employment Center Overlay District, staff is recommending denial. Mr. Quint stated that he spoke with the applicant about some additional requests subsequent to the Planning and Zoning Commission meeting pertaining to multi-family and building heights in certain areas. The applicant is seeking approval for a 4 story multi-family building generally along the northwestern portion and southern portion of that site with a 2 story maximum building height within 125 feet of the single family area. The current multi-family entitlements will allow from 2-6 stories. Staff does not have any opposition to this additional request. Applicant, Mr. Bob Roeder, 1700 Redbud, Suite 300, McKinney, stated that they are trying to reduce something that has five thousand units within the 140 acres to about a thousand units of multi-family. They are seeking to set a standard for the height and multi-family buildings within Tract 1 instead of having all the various applications out there which would be 4 stories except for those buildings within 125 feet of the

common property line between Tract 1 and Tract 2. Mr. Roeder stated that they are not seeking any additional height for buildings on Tract 3. Mayor Loughmiller called for public comment and there was none. Council unanimously approved the motion by Mayor Pro-Tem Ussery, seconded by Council member Harris, to close the public hearing and approve an Ordinance rezoning fewer than 143 acres from "PD" - Planned Development District and "REC" - Regional Employment Center Overlay District to "PD" - Planned Development District and "REC" - Regional Employment Center Overlay District, generally to modify the development standards, located approximately 200 feet south of Collin McKinney Parkway and approximately 230 feet east of Custer Road, with the following special ordinance provisions: The use and development of the subject property shall develop in accordance with the attached development regulations and with the addition of the following language: Maximum building height for apartment dwellings shall be four (4) stories (buildings within 125 feet of a single family zoning district shall be limited two (2) stories). Caption reads as follows:

ORDINANCE NO. 2014-01-002

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MCKINNEY, TEXAS, AMENDING THE ZONING MAP OF THE CITY OF MCKINNEY, TEXAS; SO THAT AN APPROXIMATELY 142.04 ACRE PROPERTY, LOCATED APPROXIMATELY 200 FEET SOUTH OF COLLIN MCKINNEY PARKWAY AND APPROXIMATELY 230 FEET EAST OF CUSTER ROAD, IS REZONED FROM "PD" – PLANNED DEVELOPMENT DISTRICT AND "REC" – REGIONAL EMPLOYMENT CENTER OVERLAY DISTRICT TO "PD" – PLANNED DEVELOPMENT DISTRICT AND "REC" – REGIONAL EMPLOYMENT CENTER OVERLAY DISTRICT, GENERALLY TO MODIFY THE DEVELOPMENT STANDARDS; PROVIDING FOR SEVERABILITY; PROVIDING FOR INJUNCTIVE RELIEF, PROVIDING FOR NO VESTED INTEREST; PROVIDING FOR THE PUBLICATION OF THE CAPTION OF THIS ORDINANCE; PROVIDING FOR A PENALTY FOR THE VIOLATION OF THIS ORDINANCE; AND PROVIDING FOR AN EFFECTIVE DATE HEREOF

13-241Z2 Mayor Loughmiller called for a Public Hearing to Consider/Discuss/Act on the Request by Bob Tomes Ford, on Behalf of McKinney Lone Star

Enterprises, L.P., for Approval of a Request to Rezone Fewer than 6 Acres from "PD" - Planned Development District to "PD" - Planned Development District, Generally to Modify the Development Standards, Located on the Southeast Corner of Park View Avenue and North Brook Drive, and Accompanying Ordinance. Director of Planning Michael Quint stated that the applicant is requesting to rezone approximately 5.32 acres of land, located on the southeast corner of Park View Avenue and North Brook Drive from "PD" - Planned Development District to "PD" - Planned Development District, generally to reduce the required landscape buffer from 60 feet to 20 feet along Park View Avenue and to modify the screening requirements for the storage of vehicles on the property. There is currently a collision center on the northern portion of the subject property, and the applicant has indicated their intent to expand the collision center and install additional parking spaces for the storage of vehicles onto the southern portion of the lot. The subject property was previously rezoned in 1999 in order to allow an auto paint and body shop on the property. The existing 60 foot landscape buffer along Park View Avenue was put in place as part of "PD" - Planned Development District Ordinance No. 99-04-38 specifically to mitigate any land use conflicts with surrounding properties (including single family residential and park uses) that were created by adding the auto painting and body shop use to the subject property. The applicant is also proposing to construct a six foot tall masonry screening wall along Parkview Avenue to screen the storage of vehicles as shown on the attached layout. The applicant is also proposing a six foot tall wrought iron fence with sufficient evergreen landscaping to create a screening effect along the eastern property line as shown on the layout. Mr. Quint stated that staff is recommending denial of this request and stated that they don't see that anything has changed from 1999 when Council adopted the 60 foot landscape buffer. Applicant, Mr. Bob Tomes, 6009 Settlement Way, McKinney, stated that

they have seen the growth of McKinney in a very positive fashion and because of the city's growth, they have entered into an agreement to plan and execute an expansion of their parts and services facilities and expanding their service department with 12 service bays and a high speed car wash. By doing those expansions they have a shortage of parking spaces for 70-85 new vehicles and trucks. He stated that the proposed development would only be for new vehicles and nothing else. Mr. Tomes stated that they are looking for available land where they will be able to build a parts distribution center. He stated that the area on the Parkview land will remain with the 60 foot setback as they have honored for the last 15 years. Council member Pogue asked if Mr. Tomes would be willing to introduce a prohibition of any new structure on the area covered in this request. Mr. Tomes stated that he would be willing to introduce that prohibition on an expansion of their collision repair center to the west and where they would cap the service expansion to 9,500 square feet, if at some point in the future, they would want to add another 6-10 service stalls. He would embrace the prohibition on honoring and preserving the greenbelt of the 60 foot setback on the area to the west and the entire area surrounding of the collision repair center on the north portion of that plat.

The applicant has agreed to eliminate any windows oriented toward the single family residents. There is a 200-250 foot channel between the proposed mini warehouse facility property and the adjacent single family residents. The property currently allows for multi-family residential uses and the applicant is proposing to strike that usage from the property along with automobile repair and related uses. Staff is recommending approval. Applicant, Mr. Bry Taylor, 2600 Eldorado Parkway, McKinney, stated that he is seeking approval to rezone 15.25 acres at northeast corner of McKinney Ranch and Lake Forest Drive. 14-010 Mayor Loughmiller called for a Public Hearing to Consider/Discuss/Act on a Strategic Partnership Agreement Between the City of McKinney and

McKinney Municipal Utility District Number 1 of Collin County. Executive Director of Development Services Barry Shelton stated that this is the second of two required public hearings for a Strategic Partnership Agreement between the Municipal Utility District Number 1 and the City of McKinney. The Strategic Partnership Agreements contain terms which allow the City to receive sales and use taxes from the sale of goods within the district, even though the sales occur outside of the city limits. The primary terms of these agreements are unchanged from its initial adoption in 2006, wherein the City and the district split the City's (\$0.01) sales taxes on a 75% to the City and 25% to the MUD District. The district's share of the sales taxes must be used on repayment of developer expenses for primary infrastructure and district bonds. The City may use its share for any municipal purpose. The terms of the agreement will also allow the City to receive sales and use taxes from the sale of goods within the district authorized for Type A and Type B economic development corporations. No portion of these Type A and Type B sales taxes shall be paid to the district. Mayor Loughmiller called for public comment and there were none.
