Mr. Michael Quint  
City of McKinney

Dear Mr. Quint:

Central & 543 LLC would very much like to acquire the tract owned by the City located adjacent to our property. I have shown the tract in green on the exhibit attached. Because of its size and configuration this tract appears to be unusable for any reasonable development purposes by the City and we would like to include it as part of our plans for our property. This would be in accordance with our previous discussions.

I appreciate your review of this request.
