Chief Williams:

I have carefully reviewed the following policies: Personnel Complaints, Corrective Measures, Hiring, and Promotions. I feel that these policies that you are wanting to implement are accurate and designed to ensure the fair treatment of employees and the safeguard of the department. .

You have allowed the FOP Lodge to review and critique, where necessary, these policies ensuring that all areas where covered so as to alleviate any allegations of misrepresentation. You have been accommodating to any and all requests from the lodge to further explain or modify certain aspects of these policies.

I affirm that I endorse these policies and their implementation.
