Airport Executive Director Ken Wiegand stated that on March 5, 2013, the FAA notified the City that the control tower was on the list that would not be funded beyond April 7, 2013. He stated that there are 19 airports in Texas that are affected by this and almost 48 percent of all the towers in Texas that will be closed are non-funded. He stated that since the notification they worked on 2 efforts to retain the airport funding and one of them is through congressional efforts and were notified that both efforts have failed. Mr. Wiegand stated that the second effort was submitting a letter that asks that the tower be removed from the list for reasons that closing the tower would have a negative impact on national interest and are scheduled to receive feedback on Friday March 22, 2013. He stated that he took this issue to the Airport Board on March 14, 2013 and discussed 5 options on how they might make a recommendation to Council. The Board recommended that the tower remain open for safety and economic development. City Manager Gray

stated that if things did not change, he would bring forward a line item in the proposed FY 2014 budget that would address this issue. - 13-229** Mayor Loughmiller called for Consideration/Discussion/Action on a Resolution Supporting the Designation of an Interstate Highway Route Beginning at the Junction of Interstate Highway 30 and the Outer Loop in Rockwall County, Continuing North and West Along the Future Alignment of the Outer Loop to its Junction with US 75 and then Continuing North Along US 75. Transportation Engineering Manager Gary Graham stated that this Resolution takes the following actions: supports the designation of an interstate highway route beginning at the junction of Interstate Highway 30 and the Outer Loop in Rockwall County, continuing north and west along the future alignment of the Outer Loop to its junction with US 75 and then continuing north along US 75; supports the efforts of Collin County officials to have the Outer Loop added to the 2040 Mobility Plan; and supports the concept that the Outer Loop should serve as a bypass of the Metroplex, thereby allowing the section of US 75 from McKinney to Dallas to be used as a commuter corridor, as it functions today. Mr. Graham stated that it is staff's

recommendation to bring the interstate down to US 75 and take it across the outer loop down to Interstate 30. Mr. Graham stated that an Interstate can be terminus in different locations and this proposed alignment would terminate at I30 and I44 in Oklahoma. Mayor Loughmiller stated that he would not support interstate status through the City of McKinney from what he has heard and seen in the community. City Manager Gray stated that there are some economic development prospects that use proximity to an Interstate as their criteria.
