Director of Planning Michael Quint stated that the applicant is

requesting to rezone the property to reorient the configuration of existing lots to east/west instead of north/south. In order to do that they would need special ordinance provisions pertaining to the lot width specifically reducing from 50 to 46. He stated that this item was tabled at the December meeting so that Habitat for Humanity could reach out to the adjacent residents. Mr. Quint stated that staff recommends approval of the proposed rezoning request. Mr. Quint stated that staff considered the request that was submitted with 3 lots and had no objections. If Council would like to have 2 lots instead of 3, then staff would be supportive of that as well. Ms. Celeste Cox, Director of Collin County Habitat for Humanity stated that they have built 16 homes adjacent to that property and almost every home they have built in that area are on lots less than 50 feet in width and they have had to obtain variances. She stated that at the last meeting there was a fence issue that has since been resolved. Mayor Loughmiller called for public comment.

12-230PFR Mayor Loughmiller called for a Public Hearing to Consider/Discuss/Act on the Request by Cross Engineering Consultants, Inc., on Behalf of Fangio Revocable Trust, for Approval of a Preliminary-Final Replat for Lots 4R1 and 4R2, Block A, of the Power House Business Park Addition, Being Less than 1 Acre, Located Approximately 200 Feet South of Power House Street and on the West Side of Mercury Circle. Director of Planning Michael Quint stated that the applicant is requesting to replat the subject property from 1 lot to 2 lots. He stated that whenever someone subdivides property each property must provide direct access to public infrastructure. The lot was platted as one lot and not as two, there is a private water line that comes from Mercury Circle back to serve the western part of the building and to split the property down the middle would deny the western part of the building direct access to the public utility and Mercury Circle. Mr. Quint stated that there is a 2 inch line that is currently serving the building and the city engineer feels as though that is sufficient and they are supportive of the variance to not extend public infrastructure to that lot. He stated that staff recommends approval. Application, Mr. John David Cross, 131 S. Tennessee Street, McKinney, stated that they have read staffs comments and are in agreement. Mayor Loughmiller called for public comment and there was none. Council unanimously approved the motion by Council member Brooks, seconded by Council member Day, to close the public hearing and approve a Preliminary-Final Replat for Lots 4R1 and 4R2, Block A, of the Power House Business Park Addition, being less than 1 acre, located approximately 200 feet south of Power House Street and on the west side of Mercury Circle.

12-067A2 Mayor Loughmiller called for a Public Hearing to Consider/Discuss on the

Request by JBI Partners, Inc., on Behalf of Clark Partners, L.P., on a Petition to Annex Less than 67 Acres, Located on the Southeast Corner of Bloomdale Road (C.R. 123) and Custer Road. Director of Planning Michael Quint stated that the applicant is requesting to annex approximately 66.1 acres. The city considers a number of factors when evaluating whether or not to annex a piece of property and those factors include the population of the land being annexed into the city, the ability for the city to provide services and utilities as well as the fiscal impact of the annexations. Staff has evaluated all of these factors and has no concerns. He stated that state law requires that prior to annexing a piece of property that it go through three public hearings. The first public hearing was held tonight at the Special Meeting. This is the second public hearing and the final public hearing will be held on February 5, 2013. On February 5, 2013, the Council will also consider a development agreement as well as the associated rezoning request. Staff recommends that Council hold the second public hearing and take no further action taken tonight. Mayor Loughmiller called for public comment and there was none. The fire department provided a fire rescue at Storybook Ranch where everyone concerned was safe and walked away. This is accredited to Chief Kistner and the training and preparation of the McKinney Fire Department. Mr. Ricchi stated that was a police instance recently that was diffused and there were no injuries

over the holidays there were weather related challenges in McKinney and our public works staff had to go out and make sure that our streets are safe for our citizens. We couldn't ask for a better staff or a better community. Mr. Ricchi stated that he greatly appreciates what staff has done over the holidays. City Council will be having a strategic planning session on January 31st and he is looking forward to that.

Council member Day did not have any comments.

our Strategic Planning retreat the goal will be to identify our priorities for the next year or year and a half and to make sure we are moving forward strategically towards the completion of those goals. The City will be kicking off our health initiative in conjunction with the School District, Baylor Hospital, McKinney Medical Center. The kickoff will begin on January 28th through April 3rd with the Live Healthy Texas program. We are going to try to have a coordinated effort year round with events throughout the calendar year focused on promoting a healthy lifestyle and healthy community in McKinney. There has been a lot of discussion lately on US 75 corridor as it relates to Interstate status versus no interstate status. No decisions have been made and it has been more questions than answers. We are a long way off from understanding all the pros and cons of that issue. Mayor requested that a work session be identified once a month to hear updates.

City Manager Gray stated that we have a new Citizens Police Academy starting up on January 31st and encouraged citizens who are wanting a better understanding of the McKinney Police Department to sign up on the City's website. The City's 2012 Annual Report has been published on the City's website and Mr. Gray encouraged interested citizens to take a look at the report.
