#### **Newsome Homes**

#### **Project Narrative**

Newsome Homes is currently a multi-family project consisting of 64 units in 21 buildings, consisting of 1-3 bedroom apartments, with one community building. Newsome Homes was constructed in 1966, and has been maintained but has not received any major renovations since its original construction. As such, the property is in dire need to bring it up to the standards of today's living.

McKinney Housing Authority has embarked on a long term initiative to rehabilitate, reconstruct, and/or expand its existing portfolio of affordable multi-family properties. Newsome Homes is the first phase of this program due to the age (62 years) and condition of the units as well as the vulnerable nature of its existing senior population. The reconstructed Newsome Homes will add additional units for Senior residents bringing the total to 180 one & two bedroom units." The reconstructed Newsome Homes will be the only "Seniors Only" development in the MHA portfolio.

While we are applying for 4% tax credit tax exempt bond structure with a 221(d)4 takeout to fund the majority of the project, there is still a gap of approximately \$1m, which a grant from the McKinney Community Development Corporation will certainly aid in filling. We have requested \$500k, but would certainly be willing to accept (and could definitely use) more depending on availability of funds. If a smaller amount is awarded, we would of course be grateful to accept that as well. Every bit counts.

At this time we do not have a Market Analysis or Feasibility Study; however, we these reports are being completed for our 4% tax credit tax exempt bond structure application. The McKinney Housing Authority currently has a waiting list of potential residents to be qualified for housing at this project. Therefore we do not anticipate having any problems leasing up the new project upon completion.

The success of this project will be evident in the meeting of construction deadlines, staying within budget, and the leasing up of the project. It will also be seen in the residents who will be fortunate enough to have a new affordable home, as opposed to the current property.

Following is additional information on the project and how we plan to fund it, as well as preliminary plans.

## McKinney Housing Authority Preliminary Development Information

The following information offers preliminary development information, but is not inclusive of all City regulations. At the time of development, please refer to the City of McKinney Code of Ordinances and/or schedule a Pre-Development meeting for an overview of the development process and to ensure that all required applications are submitted.

Property: Newsome

\*Owner: McKinney Housing Authority

\*Existing zoning: "BG" - General Business District

#### \*Surrounding zoning (and use)

North: "BG" - General Business District (commercial and vacant non-residential)

 $South: \ "RS-60" - Single-Family \ Residence \ District \ (single-family \ residential \ and \ parks/open \ space)$ 

East: "BN" - Neighborhood Business District and "ML" - Light Manufacturing District (vacant non-

residential and residential)

West: "BG" - General Business District (commercial)

\*Conformance to zoning: The current use, Multi-Family Dwelling (Apartment), is a non-conforming use and not an allowed use in the "BG" – General Business District. See attached zoning checklist.

**Town Center Study Initiative**: According to the Initiative, the subject property should have a corridor appropriate development character for frontage on SH 5. This includes, but is not limited to, a building orientation that is setback 10' - 20' from SH 5, and a building height of 2-3 stories. If the property is developed with a mix of uses, the non-residential uses should be oriented closer to SH 5. Furthermore, site layout, building placement, and internal drive circulation should be designed to create a pedestrian-oriented environment.

\*Site plan status: A site plan for the perimeter fence was approved in 2000 (00-199SP). A new site plan for the proposed development will be required. See attached site plan checklist.

**Platting Status**: The subject properties consist of 3 un-platted, and a plat will be required for the proposed redevelopment of the site. See attached plat checklist.

\*Existing Utilities: Water and sewer lines are located around and through the site. Please note that the locations have not been field verified.

**Capital Improvements Program**: No capital improvements are scheduled for the next 5 years around the subject property.

**TxDOT**: If the proposed development will include access off of SH 5, a drive approach permit will be required from TxDOT. See attached TxDOT submittal form.
