Notes: body camera was worn during call. [08/16/18 07:11:52 Unit:1C15] Went to both plants. You can hear noise coming from both plants but Marietta was technically considered not to be "running". Cowtown was "running" and they advised that they started at 0630 hrs. Cowtown employee advised that they were advised that they were allowed to run before 0700 until September 1st when the new city ordinance takes effect. [08/16/18 07:04:14 Unit:1C15] rp says one of the concrete plants is operating prior to the allowed time of 0700, but doesn't know which of them it is because she can only hear it [08/16/18 06:46:46 AROBERTS]

[04/05/19 03:21:06 Unit:2C79] Cow Town Redimix Concrete - Arrived at the location and found multiple trucks (cement mixers and rock haulers/18 wheelers) entering and exiting the location. There was also a lot of air brake noise that was heard as the trucks were stopping. There was a front end loader filling the main mixer. Vehicles were backing up to the loader, causing the reverse alert or signal (loud beeping) to sound as well. Captured on unit 1702 in car camera and body mic.
