

ORGANIZATIONAL REPORT

2022 - May

McKinney Economic Development Corporation

MEDC Board,

What a success the Byron Nelson was! We hosted over 400 guests at the tournament over the 4 days and we will have a full report next month on the impact it made. Thank you to the Board for your leadership, the staff for your hard work at the event, and to Salesmanship club of Dallas for the opportunity to host a world class event in McKinney. We are already pumped for next year.

We are headed into summer with a full project pipeline of over \$3.4 Billion in project potential and I believe that this will be the year for some major development announcements in McKinney. We have been working on some of these projects for the past 2 years and we are near the finish line on many of them.

We are all recovering for the long week at the Byron, but we have more and more projects on the horizon and we are busier than ever.

Business Retention and Expansion

- A meeting was held between the Fire Department and a local company with plans to expand. The CEO contacted MEDC and bluntly said, "Our board does not want us to expand in McKinney because it is too hard to do business here." Unfortunately, the company had a negative experience in previous correspondence with the Fire Department, however I'm happy to report through a joint meeting with all parties, the perceived issues were a result of miscommunication and are in the process of being resolved. Most importantly, the company will continue expanding in McKinney.
- Discussion with a financial institution wanting to get involved with the local McKinney start-up scene. Conversations continue around the possibility of sponsoring upcoming Innovation Fund networking events.
- BRE Visits: 5
- Annual BRE Total: 19
