Re: Site Plan submittal for skatepark/baseball

Dear Kathy,

The City of McKinney Parks, Recreation and Open Space Department is submitting an application for site plan approval for a new skatepark and two field baseball project. The property is located within the Gabe Nesbitt Community Park immediately south of the existing ball fields and north of the tennis complex.

The 17.21 acre project consists of two new baseball fields, a lighted warm-up area, a skatepark, parking lot and landscaping.

Please let me know should you have any questions.

Sincerely,

Jenny Baker
Senior Park Planner
