ACTIVE network.

FOCUS ON FUN,
BANISH THE PAPERWORK

"

The learning curve with the software is really short. We have seasonal workers that can be up to speed on the basics within a few hours.

Terry Kelly, Recreation Superintendent, City of Watertown, SD

ACTIVE NET CAMPS

ACTIVE Net **Camps** allows organizations to set up and run camp sessions, configure pricing and schedules and manage attendance for camps of all types such as summer camps, day camps and youth camps. It allows you to be out of the office and interacting with participants instead of dealing with paperwork. You can focus on the important things like creating happy campers.

Enrollment and Registration

ACTIVE Net **Camps** offers a host of otnline and offline registration methods and a wide range of payment plans and options for increased flexibility. Busy parents will be pleased with a user-friendly registration process with clear email confirmations, waitlisting and no double-bookings. Families can choose the right camp with confidence.

Schedules and Safe Camp Management

Your camp will run smoothly with updated capacity information and downloadable calendars. Staff and parents alike will rest easy having up-to-date pick-up/drop-off and camper medical alerts accessible to those who need them. Build on your camp's great reputation each and every session with improved service.
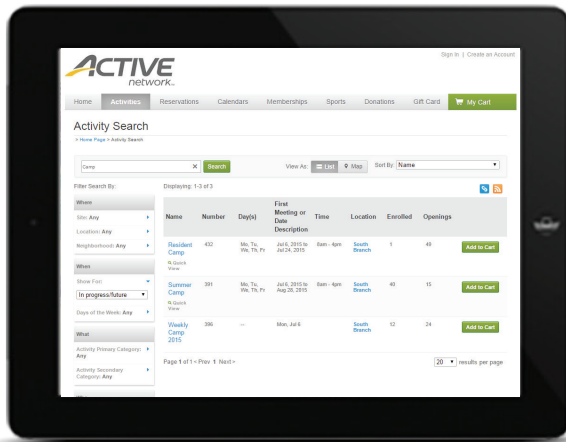

Communications and Camper Service

Keep parents engaged and informed before, during and after the camp season with attractive email communications and timely text messages. Improve customer service with the ability to send custom messages to targeted lists, either automatically or on the fly.
