North Central Texas Council of Governments

# 2013 CLIDE Awards

## *Leading the Way for a Sustainable North Texas*

The Celebrating Leadership in Development Excellence (CLIDE) Awards Program was created in 2003 to encourage innovative development projects and practices that will help accommodate the expected growth and ensure a Sustainable North Texas for generations to come. Selected by a distinguished panel of national jurors from one of our most competitive applicant fields ever, this year's award recipients truly exemplify the North Central Texas region's Principles of Development Excellence, which outline a vision for sustainable, livable communities in North Texas.

These Principles center on providing choices for how and where people choose to live and work, promoting walkable environments, transportation and resource-efficient growth, and mixed use and environmentally responsible development—all in quality places that people will be proud to inhabit. We congratulate the following 2013 CLIDE Award recipients and invite you to join us in...
