Using the outline below, provide a written narrative no longer than 7 pages in length:

I. Applying Organization

Describe the mission, strategic goals and objectives, scope of services, day to day operations and number of paid staff and volunteers.

Disclose and summarize any significant, planned organizational changes and describe their potential impact on the Project/Promotion/Community Event for which funds are requested.

The Heard Natural Science Museum & Wildlife Sanctuary is the result of one woman's vision for the future and her commitment to the local community and to the natural environment in our region. Miss Bessie Heard devoted most of her lifetime (1886-1988) to the city of McKinney and its people. Her philanthropic endeavors and generosity of spirit left a legacy of accomplishment few people attain. Bessie Heard's greatest contribution to her community and to North Texas is the Heard Natural Science Museum & Wildlife Sanctuary which comprises 289 acres of North Texas prairie, wetlands and bottomland forest. Miss Heard was 80 years old when she saw the need to preserve a place where future generations could visit to experience nature. The museum opened October 1, 1967 and now serves 100,000 visitors from around the Metroplex annually. The museum employs 7 full-time and 14 part-time staff and engages about 300 volunteers annually.

In keeping with Miss Heard's vision, the museum's purpose is threefold: education, conservation and preservation. The organization's mission is to bring nature and people together to discover, enjoy, experience, preserve, and restore our priceless environment. The Heard Museum accomplishes this mission through:

- Educational programs including field trips, teacher training, scouting programs and summer camps which span the natural sciences (biology, ecology, geology, and paleontology) and emphasize appreciation and conservation of nature;
- Preservation of a portion of the North Texas landscape with its native vegetation and wildlife in as near a natural condition as possible;
- Interactive museum exhibits, engaging natural history specimens, nature related art works, and historical memorabilia from the museum's founder; and
- Direct experiences of nature in both indoor and outdoor settings accessible to all age and educational levels such as hiking, birding, and observation opportunities.

The Heard Museum offers guests the unique experience of understanding our region's natural heritage as well as how decisions we make today about allocating resources in our own lives and in our community will affect how North Texas looks in the future.

II. Project or Promotion/Community Event (whichever is applicable)

- Include the venue/location for Project/Promotion/Community Event?

- Detail goals for growth/expansion in future years.

Dinosaurs Live exhibit started at the Heard Museum in the Fall of 2006. We wrapped up our 10th anniversary of this exhibit in the past February. The plan is to bring back the exhibit in mid-September 2016 thru late February 2017. This exhibit has been a major draw for the museum. It averages 34,000 visitors to the exhibit per year. People from 100 miles radius come to McKinney to see the exhibit. It has been a great ambassador for the City and the museum.

All the infrastructures supporting the exhibit are worn out. They all must be replaced as we are to the point of not wanting to continue the repairs as the equipment are beyond the repair stage.

The proposed project entails the following:

1. Rewire the loop for the 10 dinosaurs stations
2. Lay all new air lines to each dinosaur station
3. Construct a shed to house all compressors and dryers
4. Purchase 3 new compressors and required support equipment
