- 17-574** Mayor Fuller called for Consideration/Discussion/Action on an Ordinance Amending Sections 122-176(b)(3) and 122-176(b)(4) of the Code of Ordinances Pertaining to the Maximum Fence Heights in the Historic Overlay District. Council member Ussery stated this item was discussed at a Work Session where Executive Director of Development Services Michael Quint made a presentation and indicated that staff was in favor of going forward with an amendment versus an appeal process that would amend the Ordinance to make the eight foot six inches a standard height throughout the City including the Historic District. He noted that he has received several calls and emails regarding the change to the eight foot six inch fence. Mr. Ussery requested that Council consider further discussion on an appeal process. Councilwoman Rath has also received the emails and comments and requests that staff go back and take a look at a possible variance process versus amending the Ordinance. Council unanimously approved the motion by Council member Ussery, seconded by Council member Branch, to table this item indefinitely and bring back to a future meeting subject to staff bringing forward a revised presentation for a procedural policy.

- 17-578** Mayor Fuller called for Consideration/Discussion/Action on an Ordinance Amending Fiscal Year 2016-2017 Annual Budget to Allocate Funding for the Provision and Administration of the Collin County Transit Program for the McKinney Urban Transit District. Housing and Community Services Manager Janay Tieken stated that as of today, DCTA has 80 riders signed up from McKinney and four from Princeton. Of those 84, 83 are taxi voucher and one is demand response. There are also 17 applications from the Grand Texan being reviewed. Council unanimously approved the motion by Council member Branch, seconded by Council member Rogers, to approve an Ordinance amending Fiscal Year 2016-2017 Annual Budget to allocate funding for the provision and administration of the Collin County Transit Program for the McKinney Urban Transit District. Caption reads as follows:

ORDINANCE NO. 2017-06-066

- 17-587** Mayor Fuller called for Consideration/Discussion/Action on City Council Election of Mayor Pro Tem. Council unanimously approved the motion by Mayor Fuller, seconded by Council member Rogers to nominate Council member Ussery as Mayor Pro Tem for the remainder of his service.
- 17-090SUP** Mayor Fuller called for a Public Hearing to Consider/Discuss/Act on a Specific Use Permit Request for a Private Club, (The Paddock), Located at 119 South Tennessee Street, and Accompanying Ordinance. Planning Director Brian Lockley stated this request is for a specific use permit for a private club, which allows for a larger percentage of sales receipts from the sale of alcohol than a mixed beverage permit. With a private club, 65% of sales can be from the sale of alcohol versus 50% for a mixed

beverage permit. According to the Ordinance, space limitations for a SUP require that the premises contain a minimum of 50 seats and 600 square feet of dining area. The proposed floor plan provides for 51 seats with 871 square feet of dining area, satisfying the requirement. The location of this property meets the distance requirements for churches, schools, hospitals and extended care facilities or publicly owned parks. The Planning and Zoning Commission approved this item at their May 9<sup>th</sup> meeting. Mr. Wes Hoblit, LaBarba Permit Service, 900 Jackson Street, Suite 640, Dallas, spoke on behalf of the applicant, Mr. Karl Williams. This is a dimly-lit destination-type place that is not aimed at just serving alcohol, it's a theme. They have a location in the design district of Dallas that they are trying to emulate and bring in their own designs and features such as older cars. Mayor Fuller called for public comments and there none. Council unanimously approved the motion by Councilwoman Rath, seconded by Council member Branch, to close the public hearing and approve an Ordinance granting a Specific Use Permit for a Private Club, (The Paddock), located at 119 South Tennessee Street. Caption reads as follows:

ORDINANCE NO. 2017-06-068

**17-127-SUP** Mayor Fuller called for a Public Hearing to Consider/Discuss/Act on a Specific Use Permit Request for Indoor Commercial Amusement (Exit Plan), Located at 218 East Louisiana Street, and Accompanying Ordinance. Planning Director Brian Lockley stated this is a request for a SUP to allow for indoor commercial amusement. The underlying zoning

requires a specific use permit be approved to allow for indoor commercial amusement. The Exit Plan is essentially a use that allows folks to come in, solve puzzles or riddles or whatever program there is to leave one room and get into another room and ultimately leave the facility. There are no changes proposed to the exterior. It is more conducive to a pedestrian environment which is downtown and would allow for this business and similar businesses to operate in a similar manner. The applicant, Mr. Elliott Collins, 2825 Summer Tree Lane, McKinney, stated that this is an escape room where you enter and solve puzzles and clues to escape in 60 minutes. They are popular in Plano and around the country. Mr. Collins stated that he believed the location was already zoned but then found out it had to be classified as indoor amusement zoning. Mayor Fuller called for public comments and there were none. Council unanimously approved the motion by Council member Branch, seconded by Council member Day, to close the Public Hearing and approve an Ordinance granting a Specific Use Permit Request for Indoor Commercial Amusement (Exit Plan) located at 218 East Louisiana Street. Caption reads as follows:

ORDINANCE NO. 2017-06-069

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MCKINNEY, TEXAS, AMENDING THE ZONING MAP OF THE CITY OF MCKINNEY, TEXAS; PROVIDING FOR A SPECIFIC USE PERMIT FOR INDOOR COMMERCIAL AMUSEMENT, LOCATED AT 218 EAST LOUISIANA STREET; PROVIDING FOR SEVERABILITY; PROVIDING FOR INJUNCTIVE RELIEF, PROVIDING FOR NO VESTED INTEREST; PROVIDING FOR THE PUBLICATION OF THE CAPTION OF THIS ORDINANCE; PROVIDING FOR A PENALTY FOR THE VIOLATION OF THIS ORDINANCE; AND PROVIDING FOR AN EFFECTIVE DATE HEREOF

**17-012SUP2** Mayor Fuller called for Public Hearing to Consider/Discuss/Act on a Specific Use Permit Request for a Mini-Warehouse Facility (Public Storage), Located Approximately 220 Feet North of Bois D' Arc Road and on the West Side of U.S. Highway 75 (Central Expressway); and Accompanying Ordinance. Planning Director Brian Lockley stated this is

a request for Specific Use Permit for a public storage facility. The property is located along Central Expressway with townhomes to the west of the property. The SUP would allow a 133,000 square foot mini warehouse facility on three acres of land. The zoning requires an SUP be granted in order for this facility to be constructed and operated. Mr. Lockley stated as part of the SUP, the development of the site requires that no overhead bay doors shall be visible from adjacent use or public right-of-way. Each building shall be covered with 100% masonry materials. The proposed mini warehouse buildings located directly adjacent to residential uses will be limited to single-story and the buildings located to single-family residential uses shall feature a pitched roof. The applicant has agreed to satisfy standards one and two but is requesting variances to waive the standards for three and four, that they be located as a single-story and have a pitched roof. The applicant is requesting to waive the required six-foot screening device along the western property line. There is a drainage facility along the western property line next to the townhome area and it is the applicant's belief that the location of the 100 year fully developed floodplain limits the amount of construction such as fences or other areas within that area. Staff is of the opinion that the creek and associated vegetation will not sufficiently screen the property during the winter months. In lieu of the requirement, the applicant is proposing a three-story facility that will take up the majority of this property with the fire lane and access immediately surrounding it. They are proposing to install trees along the western boundary so there is some landscaping between the property and the residences but obviously, given the scale of the use, it will be insufficient. If this SUP is approved the applicant will be required to receive approval of associated site plan and landscape plan meeting all the regulations of the Zoning Ordinance in conformance with the zoning. On March 28<sup>th</sup>, the Planning and Zoning Commission recommended denial of the requested

proposal and as such, a super majority of the City Council is required to approve the specific use permit. Because there are six members present, it will require all Council members to approve this request. In order to affirm the Planning and Zoning Commission's decision to deny the request will require four affirmative votes. Applicant, Mr. Dallas Cothrum, Masterplan Consultants, 900 Jackson Street, Dallas, addressed the Council. He stated this is a very difficult site to develop and a storage facility at this location may be the best use you will get at a site with all these easements in a midblock location that is difficult to get to. The midblock location, access challenges and limited retail opportunities make this an undesirable location for other uses. The various easements, the irregular shape of the property, only one entrance to the property and very narrow at one end of the property makes this undesirable as a retail location. Mayor Fuller called for public comments and there were none. Council unanimously approved the motion by Councilwoman Rath, seconded by Council member Rogers, to close the public hearing. Mayor Fuller stated that the notion that retail is on the decline therefore car lots and storage units are all we can expect on our main thoroughfares, I don't buy that at all. There are other potential uses even with the midblock location, not just for retail or restaurant, but there is potential for office use. Council member Branch stated that there are other uses such as commercial buildings. It looks like it's about 130,000 square feet of total space so I believe commercial could fit in there. If I'm going to make these variances, I'd rather do it for something more pleasing to the City. Council member Day stated he is taking the other side. That piece of property has been vacant for over a decade. As you can see, it's paying \$3,000 a year now in property taxes and it would go up to about \$200,000. I would remind Council that our property taxes in McKinney are about 25% higher than Frisco, Allen and Plano and the primary reason is because we only have 19% commercial tax base. I

think we should approve it. Mayor Pro Tem Ussery inquired if there is any concern of City staff that approval of this will diminish the vision for the Highway 75 corridor overlay. Mr. Lockley stated that this was one of the issues cited along with the type of development we believe Council had envisioned for that corner. Mayor Pro Tem Ussery stated he cannot support this use in the corridor area but I do appreciate your interest in McKinney. Council member Rogers stated he feels the same way. I don't mind the public storage or the investment, I just don't think this is a good location. Council approved the motion by Councilwoman Rath, seconded by Council member Rogers, to deny the request for a Specific Use Permit for a Mini-Warehouse Facility (Public Storage), located approximately 220 feet north of Bois D' Arc Road and on the west side of U.S. Highway 75 (Central Expressway) with a vote of 5-1-0, Council member Day voting against.

**17-588**

Mayor Fuller called for Consideration/Discussion/Action on a Resolution Approving and Authorizing Publication of Notice of Intention to Issue Taxable Certificates of Obligation Bonds, Series 2017. Chief Financial Officer Mark Holloway stated that with tonight's Resolution, we will begin our process of the bond sale for fiscal year 2017. This item specifically is the notice of intent to issue taxable CO's which means we have to place notice in the paper that we intend to offer certificates of obligation for the Dr. Pepper StarCenter expansion for an additional sheet of ice and amenities. We will be bringing back the parameters Resolution in July to sell the debt. Council unanimously approved the motion by Mayor Pro Tem Ussery, seconded by Council member Chuck Branch, to approve a Resolution approving and authorizing publication of Notice of Intention to Issue Taxable Certificates of Obligation Bonds, Series 2017.
