Existing Employer Survey: Conduct a more comprehensive survey of existing businesses to determine their overall happiness and most pressing challenges. Entrepreneurship & Emerging Technology: I. prospects; and IV. Workforce Data & Studies: Make our workforce

claims more convincing for prospects with 3rd-party studies and data.

Additional Recommendations: I. Comprehensive Strategic Plan:

Facilitator Larsen recommended that staff and the MEDC Board

seriously consider the development of a multi-year comprehensive

strategic plan (of which an annual work plan would align). Such a plan

will help MEDC make a bigger impact because many economic

development initiatives require more than one year to come to fruition

with measurable results; and II. Incentive Guidelines: Based on the

numerous questions from board members in meetings leading up to the

strategic planning workshop, Facilitator Larsen also recommended that

clear incentive guidelines be defined and adopted. IEDC Research

Partners publish excellent resources on incentives. As an IEDC

member, MEDC has access to this research for free.

Board members unanimously approved the motion by Secretary/Treasurer

Burress, seconded by Vice Chairman Clark, to adjourn. Chairman Lindsay adjourned

the meeting at 5:00 p.m.
