City of McKinney – City Manager Paul Grimes reported staff is busy onboarding three new City Council members. A special legislative session begins July 18th that include issues of annexation and local level tax restrictions. Texas Municipal League is keeping all involved abreast of the issues. City of McKinney has been honored with several awards including First Place for the Best Website in the entire state, Second Place award of Excellence for the Electronic Annual Report, and a Second Place award of Excellence for the MCDC's Buy Local Marketing Campaign. Staff intends to present the City's final 2017/2018 Budget to City Council on August 4th and then prepare for adoption of that budget on September 19th.

Chamber of Commerce - Chamber President Lisa Hermes reported the Chamber is reapplying for accreditation through the U.S. Chamber of Commerce and are aiming at a five star rating. President Auterson introduced the new MEDC Intern Einar Longva and shared the hopes of a continuing MEDC internship program. Mr. Auterson stated that the gentleman of whom accepted the position of Director of Business Development informed staff he would have to decline the position due to an unforeseen family situation. The Director of Marketing position is in the phone interview stage. President Auterson assured Board members that their participation in the Spec Light Industrial RFP evaluation process will be welcomed and encouraged. Vice Chairman Merritt along with Board members Clark and Sipiora volunteered to be part of the Spec Light Industrial RFP evaluation process. Board member Clark expressed his concerns over delays in the Spec Light Industrial RFP process.

17-613 Chairman Burress called for Consideration/Discussion on a Proposed FY18 Budget for Submission to the City Manager for Review. President Auterson explained his budget presentation procedure to the Board and asked for the Board's patience since this is his first stab at the MEDC Budget process. President Auterson discussed the staffing needs and adjustments necessary for the future, which is one element that affects the upcoming budget year. In addition, the office lease has been renewed for another five years and there has been an incremental

increase in that budget item. Overall, between the line items that were re-evaluated and reduced, and the few items that were increased, the yearly budget has expanded over last year's budget by only about \$8,800. The Strategic Plan drove a number of the line item increases that included marketing material and programming. Board members requested a more detailed spreadsheet and presentation, as well as more information on the marketing and grant budgets. Board members approved, by a vote of 6-0, the motion by Chairman Burress, seconded by Board member Denny, to approve Chairman Burress appointing a Finance sub-committee to help with the FY18 budget decisions with Board members Clark, Sipiora and Secretary/Treasurer Chen.

17-614 Chairman Burress called for Consideration/Discussion on TIRZ Overlay Incentive Opportunities. President Auterson stated the Strategic Plan has a Goal category related to competitiveness, and McKinney's competitiveness hinges on the ability to improve our product. Unfortunately, McKinney has severe deficiencies in infrastructure, ready sites and ready buildings. As a result, President Auterson would like to explore the possibilities of utilizing a TIRZ Overlay, in combination with the resources of the MEDC, as a tool to encourage development or re-development. Other cities in Texas use this tool commonly, however the funds created are limited to use within that TIRZ area only.

17-615 Chairman Burress called for Consideration/Discussion/Action on May Financials. Chief Financial Officer Mark Holloway reported the revenue of the MEDC is above budget YTD by 18.95%. Sales tax figures came in 17.36% above last year's collection through May. Expenditures continue to be under budget due to savings in rebate expenditures paid out for incentives. However, during the month of May, MEDC paid \$205,000 to Horizon Data Centers and \$24,000 to O'hara Flying Service. Board members approved, by a vote of 6-0, the motion by Board member

Clark, seconded by Vice Chairman Merritt, to approve the May Financials.

- 17-616** Chairman Burress called for Consideration/Discussion/Action on an Amendment to Articles V and VI and Related Sections on the Sixth Amended Bylaws of the McKinney Economic Development Corporation to Modify the Operational/Supervisory Relationship Between the President and the City Manager. 17-713 Board and Liaison Updates:

Board Chairman – Chairman Burress stated that the MEDC Facebook page and Twitter is up and running.

City of McKinney – City Manager Paul Grimes stated that the Legislative Special Session started today. There are a number of items of interest to us. The primary ones involve property tax reform, constraining the growth of local and state governments, and municipal and regulatory annexation reforms. We will continue to be involved in that and keep you apprised. We have a budget presentation scheduled for Council for August 4. After that, the budget schedule will have a series of public

hearings required by state statute and the budget will be slated for adoption in late September for an October 1 fiscal year.

McKinney Convention and Visitors Bureau – Director Deedee Guerra noted that the McKinney Shop is now open. If anyone needs a McKinney item, please think about coming to the shop to purchase items because that money goes back into the budget to be used to showcase McKinney. We are still assisting Paccar with their groundbreaking ceremony, transportation and hotel rooms for about 50 of their staff. Last month, as far as advertising goes, staff was able to send photos to the Dallas Morning News for an article in their travel section about cool road trip destinations.

MCDC – McKinney Community Development Corporation President Cindy Schneible stated that their final cycle for promotional and community grants closed at the end of May. We received 10 applications requesting over \$70,000 and we have a little over \$50,000 to award. We will make the decisions at our next Board meeting. The final project grant cycle closed on June 30th. We received several applications and we will hold public hearings on four of those at the meeting next week. One of the priorities of the Board this year has been to communicate and educate residents about the impact of buying and shopping locally with respect to sales tax revenue and quality of life. We continue to place ads and new this year is online advertising with the Chamber and digital ads within the Apex Centre so we have an opportunity to share the message with folks who visit there. The City's communication team submitted and won a second place award for the campaign we have on buying local.

17-714 Chairman Burress called for Consideration/Discussion on MEDC Staff Monthly Reports. President Darrell Auterson noted that we have adopted a new uniform template for our report that is tied directly to the goals and structure of our strategic plan. We will continue to refine the reporting system as we go forward. Business Development Specialist Madison

Clark stated that the MEDC launched a social media Twitter and Facebook platforms with a June 1st prelaunch for the July launch. Both accounts are under the name McKinney, Texas EDC for ease of marketing purposes. I encourage you to follow us and share some content. These dashboards are used to figure out how the audience who is following us on the platforms, how the content resonates with them.

17-715 Chairman Burress called for Consideration/Discussion/Action on the Seventh Amended and Restated Bylaws of McKinney Economic Development Corporation. MEDC Attorney Mark Houser stated that the MEDC requested two substantive revisions. One dealt with training, a less stringent requirement for how and what types of training and the other was the supervisory structure of the President. The revision is basically the former version of the bylaws that were in effect prior to the 2015 changes with one nuance which deals with Mr. Auterson's employment contract. The new language includes that the MEDC Board would still do the performance evaluation of the President. The issues of hiring and termination still go through you but, as you know, the Charter of the City of McKinney requires City Council ratification. Board member Clark stated that we have a very good relationship with the City Council and the City Manager and returning to the old bylaws has nothing to do with that relationship. MEDC Attorney Houser stated that any amendment of the bylaws by this Board must also be ratified by the City Council at its meeting. Chairman Burress stated he appreciates City Manager Grimes and all he has done. This is a structure change that I feel is a healthier structure with more checks and balances. Board members unanimously approved the motion by Board member Sipiora, seconded by Secretary/Treasurer Chen, to approve the Seventh Amended and Restated Bylaws of McKinney Economic Development Corporation.

17-716 Chairman Burress called for Consideration/Discussion/Action on FY18

Budget for Submission to the City Manager for Approval. President Auterson presented the proposed FY 2017/2018 budget. He noted that he received information yesterday that does amend this budget proposal slightly. The City's Finance Department indicated that the revenue line item will increase by a total of \$1,125,000. Instead of it being \$12,507,272 for the total revenue, that will go up to \$13,357,272. Most of the changes that had occurred from the current fiscal year budget were driven by the new goals and strategies. The budget and finance committee members were comfortable with the discussion we had concerning the programmatic line items in the budget. They felt we were still deficient in the staffing capacity. I had originally requested supplemental funding to increase staffing to a total of nine, including one full-time and two part-time personnel. The Finance Committee felt that was not adequate. They recommended I increase the personnel line item by \$250,000 and submit a supplemental request that will bring us up to 10.5 full-time equivalents and give us more capacity in the business attraction area. Senior Budget Analyst Eric Corder confirmed that the total would be around \$307,000 with the cost of personnel and additional benefits. Board member Clark stated that the Committee felt the need to add personnel so that we could be competitive in the market to bring the tax base and new jobs to McKinney now, while we are in the current business cycle. Board member Sipiora stated that the operating expenses of the agency versus top line revenue is a rough yardstick of organizational efficiency. This new budget, as proposed, still brings our operating expenses to about 16% of the top line number. Board members unanimously approved the motion by Vice Chair Clark, seconded by Board member Denny, to approve the FY18 Budget for submission to the City Manager for approval.

Chairman Burress called for Citizen Comments and there were none.

Chairman Burress called for Board or Commissioner Comments and there were none.

Chairman Burress recessed the meeting into Executive Session at 8:28 a.m. Texas Government Code: Section 551.071 (2). Consultation with City Attorney on any Work Session, Special or Regular Session agenda item requiring confidential, attorney/client advice necessitated by the deliberation or discussion of said items and legal consultation on the following item(s), if any: Section 551.072. Deliberations about Real Property, and Section 551.087. Deliberation Regarding Economic Development Matters as listed on the posted agenda. Chairman Burress returned to the open meeting at 10:38 a.m.

Chairman Burress called for Action on Executive Session.

The Board unanimously approved the motion by Board member Page, seconded by Vice Chairman Clark, to approve Project Lily as discussed in Executive Session.

The Board unanimously approved the motion by Board member Page, seconded by Secretary/Treasurer Chen, to approve Project Llama as discussed in Executive Session.

Board members unanimously approved the motion by Board member Clark, seconded by Chairman Burress, to approve the name Southgate McKinney as the new name for the old Gateway development and that the Board tentatively approve the logo with the stipulation that we look at the "G" to determine if there is a better way in which to present it and the logo colors.

- Met with Cathy Lopez a meeting planner from Torchmark. We discussed moving any business they are sending to Allen & Frisco, & Plano. She asked about dining places and we went over a few out of the box ideas. She was amazed that we had so many different options that she was unaware of. We also discussed team building opportunities. Kathy is getting back to me with a date to do a site visit. (Lead from Jacque Meeks from the Grand Hotel)
- 7/10-12/17: Exhibited & Sponsored at the Oklahoma Association of Executives Annual Conference in Enid, Oklahoma. McKinney was the only Texas CVB represented.
- Two young filmmakers from Rome, Italy, visited our office Wednesday and Thursday gathering research and location ideas for an independent film they are working on that will be set in a small Texas town. They fell in love with downtown McKinney – everything from the people to the buildings to the stories and especially Hugs Café as there is, coincidentally and much to their surprised, a close connection with the movie they are working on. Mayor Fuller made time for them Wednesday to

LOST BUSSINESS-2

- Wells Fargo Regional Holiday/Christmas Party – Branches opted to hold their own individual parties instead of a regional gathering.
- 2017 International Assoc. of Tour Directors & Guides – This would have been a day trip in which we would have also needed to assist in with costs (sponsorship). We did not have the funds and also the wineries are not fully developed and able to accommodate group size.

August 2017

Strategic Plan Management & Communicating Results:

A. Business Retention & Expansion

- Met with representatives of Order 66 Toys in response to a concern that the company plans to move their operations out of McKinney to Allen. The company is expanding into Allen but plans to keep their McKinney location. Facilitated a meeting with CVB & other City staff to assist with efforts for attracting a major convention to the Sheraton.
- Independent Bank (Project Llama), announced plans to construct a 150,000 class A corporate headquarters facility in Craig Ranch. The details of the incentive/380 agreement are being worked out. The project will bring some significant office presence/scale along the SH 121 corridor and contribute significantly to the job & tax base of McKinney.
- An offer letter has been presented to Project Lilly for a proposed expansion project. The company is currently evaluating the options for accommodating their growth needs.

B. Business Attraction

- Conducted a prospect/site tour on 8/1 for Project Kiwi. This project represents a capital investment of around \$40 million & 145 jobs. The Dallas Regional Chamber is spearheading the search process.
- Met with developers of the proposed Village at McKinney project & opened a conversation about the potential for a class A office component & how MEDC might help facilitate that option. The company is currently working through a number of planning issues but has indicated the level of development interest in McKinney has grown substantially in recent months.
- Currently working with the Dallas Regional Chamber on a trade mission to London/Paris in September. In addition to the appointments being planned as part of the regional mission, I am organizing McKinney presentations with London and Partners/London Co-Investment Fund to

introduce DFW/McKinney to a number of technology companies with interests in expanding operations into the U.S.

- Met with Whitestone REIT representatives this week. Whitestone recently purchased Eldorado Plaza & is interested in other potential acquisitions in the area. Arranging introductions to City & MCDC staff to assist with identifying other opportunities in McKinney.
- Met with Johnathan Probst (Trammell Crow) to keep them apprised/interested regarding development in McKinney. They will be competing for development of the Independent Bank project along with numerous others from around the region as Independent Bank has selected Avison Young to facilitate a process for the bank to recruit a development partner.

C. Entrepreneurship

- We have a scheduled meeting with the WERX group & the Dallas Entrepreneur Center (DEC) to discuss a potential collaborative model that could bring greater stability/potential for the entrepreneurial ecosystem in McKinney.

D. Competitiveness

- Have commenced negotiations with Hunt Southwest for development of their spec industrial project. An incentive offer letter is being tweaked & Mark Houser & I are in regular communications with Preston Herold to keep the project moving forward in a timely fashion. The other spec development proposers that were not selected for this project have also expressed continued interest in developing in McKinney. In fact, I will be meeting with Greg Nelson of Sentinel Capital today to discuss their potential plans for moving forward with development on a site near the airport.
- Working on the draft MDA for Southgate & will be meeting with the KDC team today to go over the proposed development milestones & timelines. Negotiation & execution of the agreement will be completed by November. The final version of the new Southgate logo & color scheme will be presented at the August MEDC Board meeting for approval & subsequent rebranding.

Marketing/Promotion/Connection Activities:

- MEDC sponsored the BisNow 121 Corridor event on 8/8 & moderated one of the panel discussions. This was very good exposure for McKinney as over 400 were in attendance & feedback implied this was the best event of the year. We will also be sponsoring an upcoming data center BisNow event.
