## ABOUT THE RETAIL COACH

The Retail Coach, LLC, is a national retail analytics and locational intelligence firm that specializes in all aspects of retail market analyses and recruitment, from "macro to micro" trade area assessment to actively recruiting retailers on behalf of our clients.

Through its unique Retail360° process, The Retail Coach offers a dynamic system of products and services that better enable communities to maximize their retail development potential.

## Retail360°

Providing more than simple data reports of psychographic and demographic trends, The Retail Coach goes well beyond other retail consulting and market research firms' offerings by combining current national and statewide demographics and trend data with real-world, "on-the-ground" data gathered through extensive visits within our clients' communities.

Every community is different, and there is no "one size fits all" retail recruitment solution. Compiling the gathered data into client-tailored information packets that are uniquely designed for, and targeted to, specific retailers and restaurants who meet the community's needs helps assure our clients that they are receiving the latest and best information for their retail recruitment efforts—all with personal service and coaching guidance that continues beyond the initial project scope and timeline.

Our Retail360° process assures that communities get timely, accurate and relevant information. Translating that data into the information that retailers need and seek assures our clients even better possibilities for tremendous retail growth and success.

The Retail Coach -

"It's not about data. It's about your success."

**TITLE:** Consider/Discuss MEDC Staff Monthly Report

### **SUPPORTING MATERIALS:**

**Organizational Report** 

# McKinney Economic Development Corporation February 2019 Organizational Report

Peter Tokar MEDC President

MEDC Board of Directors,

We are picking up a lot of momentum on development projects. We have seen an increase in the amount of RFP's coming into the organization. With that increase is an improvement in the quality of the projects as well. I believe that our marketing efforts are starting to pay off as we continue to brand McKinney as an executive destination.

Development interest continues to be strong and our efforts to start master planning the sites that we control are helping shape the narrative that we are positioning ourselves for top quality development. Each month we are making forward progress in reshaping what the MEDC is and has to offer. I am very pleased with our progress.

-Peter
