Total Grant Expenditures \$1564.15

An iTunes card for \$50 was purchased in order to purchase apps for the iPad that will be used for video editing and augmented reality.

The total expenditures for the grant were **\$1564.15**

The Padcaster Studio was delivered and setup at the museum. Our first interview using the equipment was conducted on August 7, 2018. The interview was with Glen Coleman a McKinney native whose father was a postal carrier in downtown McKinney and worked at the 1911 historic post office building.

Our next interviews are with Jay Crum telling about the history of the downtown businesses in McKinney and with RD Foster who will tell about the Flour Mill and growing up in the Mill block in McKinney and early schools of McKinney, South Ward-Finch Elementary.

We will continue to interview and create videos that will be used in the *McKinney Then and Now Exhibit*, posted on our webpage and also posted on our social media accounts.

Thank you for the opportunity to partner with you.
