

DIRECTOR'S REPORT

March 2019

Library Visits, Circulation, Computer Use, and Program Attendance all saw increases in February!

February Highlights

Fewer programs were planned at JJGL due to anticipated construction dates.

Headlined by popular youth programs, February had a strong overall performance that included special programs ranging from an author-lead discussion on controversial conversations to how to properly grow a garden in Texas.

The library's Facebook presence continues to grow and evolve, highlighting upcoming programs and how we are working to serve our diverse community

The Whole Story

There was an overall increase in circulation vs. Feb 2018, with digital materials continuing to see a sizable increase.

We are continuing the overhaul of teen programming, including a more formalized Teen Advisory Board that will debut in the fall. In the meantime, the Teen Program Team's first slate of programs will debut with our summer calendar.
