Using the outline below, provide a written narrative no longer than 7 pages in length:

I. Applying Organization

Habitat for Humanity of Collin County is part of a global, nonprofit housing organization operated on Christian principles working to build strength, stability and self-reliance for families through shelter. We put God's love into action by bringing people together to build homes and communities.

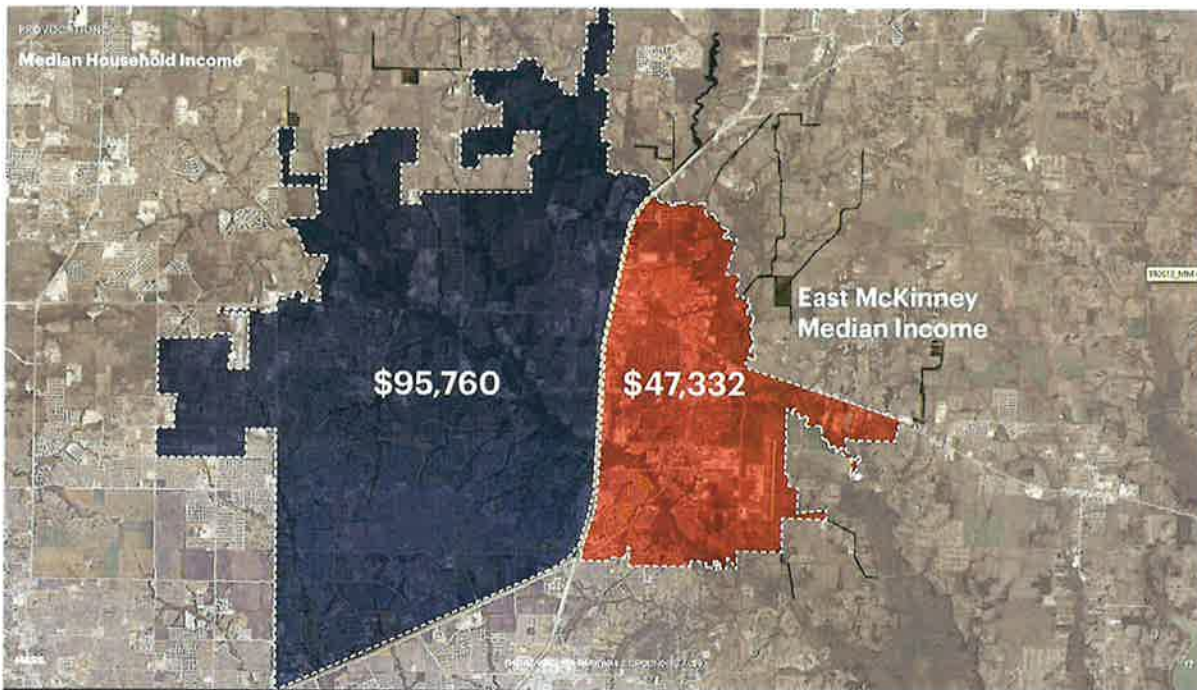

Habitat Collin County has a two pronged housing initiative for low-income families. First, we construct new homes for working families earning 30-60% below the median income levels for our area. Second, we provide exterior home repairs for low-income homeowners earning below 60% of median household income levels. Most of these homeowners are seniors or disabled and have both a financial and housing need. All home construction and repair projects are completed by the hands of over 7,000 volunteers with materials obtained through donations, partners, sponsorships, and grants from organizations such as MCDC.

Habitat Collin County has been building homes for over 27 years helping low-income families since its incorporation in 1992. We build decent, affordable houses in 24 cities and rural areas of Collin County. To date, Habitat Collin County has completed 222 new homes 718 home repairs in Collin County, plus 80 homes internationally.

II. Project – ABWK (A Brush with Kindness / Neighborhood Revitalization)

In 2019, the median household income was around \$83,257 with median home values over \$300,000. According to USA.gov and Census.gov respectively, 10.56% of all McKinney homes were built prior to 1979, 21.7% of McKinney households earn less than \$40K annually with 6.9% of the entire population living in poverty. These numbers will only increase, as the population of McKinney increases. The need for affordable housing is substantial, and **allowing seniors, veterans and disabled within our community to age in place is critical.** Through this program we are working to restore health and safety to older, poorer neighborhoods, revitalizing whole communities with a sense of pride, security and dignity which can empower life change.

East McKinney also has a significant income disparity in Median Income. The average median income is \$47,332 while the median income west of Hwy75 is \$95,760.

Habitat Collin County is asking for \$120,000 will cover the cost of materials for 12 critical Home Repair projects in McKinney. A Home Repair project typically costs about \$10,000 and includes roof and siding repair, exterior repainting, window and door weatherization or replacement, and installing wheelchair ramps in place of front porches. Several of the projects this past year also included foundation repairs and/or levelling. This program has volunteers repaint and perform exterior repairs to existing homes. Funds from MCDC will be used to buy the materials for 12 Home Repairs for McKinney families. Since the initiative last November of the City Council to step up code enforcement on existing homes, we've seen a significant increase in the applicants to this program. The majority of the applicants are low-income seniors on fixed income that don't have the physical ability to

make the repairs on their own. This year we will complete 40+ projects in Collin County. This request is only for the projects in McKinney. Here are a few before and after pics of projects recently completed:

Project -Land Acquisition and Lot Prep for Affordable Housing Programs

Habitat is requesting \$300,000 to purchase and prep up to 6 lots. The average lot cost in McKinney is \$50,000. Land typically takes 12-18 months to develop to have ready to build including replatting, rezoning, lot prep and infrastructure.

Habitat families, earn between 30% and 60% of the applicable family median income for the Dallas metropolitan statistical area. On average, a Habitat 4-person household will earn between \$24,000 and \$45,000 per year based on historical data. Having a decent, affordable home provides families with increased health, security, higher education likelihood, and they are statistically more likely to be higher wage earners. Currently, we have 8 families waiting for a Habitat home, all of them working, yet facing financial and housing needs. There are also 350 applicants on our pre-applicant list.

Habitat homes serve the working poor who cannot qualify for a conventional mortgage and a market-rate house. The homes are simple, but constructed to fit well in neighborhoods of other Habitat homes. Most are located in Census Tract 309, east of McDonald Street in McKinney, where a major segment of the population earns less than 60% of the area median income. Whenever possible, Habitat purchases lots contiguous to one another and/or in the same neighborhood in an effort to revitalize an entire area. Target neighborhoods include LaLoma, Rockwall and Wilcox. Habitat is asking for funds to be used to purchase 6 lots in these areas, along with the funds needed to survey and prepare each lot for home construction. With the support of our financial donors, GIK partners, and the ReStore, we will obtain the materials for these homes. Volunteers will construct a home on each lot over a 12 week construction cycle. Then our families will purchase the home for an affordable amount at a zero equivalent mortgage.

Unfortunately, land prices and surveys in McKinney continue to rise as do construction costs for these homes. Habitat strives to keep lot prices as low as possible, but cannot acquire lots without assistance. Values for these lots have increased dramatically. Small lots in east McKinney are selling on the open market for close to \$50,000 each.

If we are unable to find help, we will serve fewer families

earning as low as 30% of AMI in McKinney. We are able to find lots at much lower costs in surrounding communities including Celina, Princeton and Farmersville, or they are donated by the cities and individual donors, however 81% of our applicants either live or work in McKinney. In order to build new homes each year, we will need to purchase additional lots to replace those used in order to continue to serve families.

Laura Manning is a Veteran of the United States Army where she served our country for five years. She loved being in the Army. Laura found her calling while serving as an MP (Military Police) in Iraq.

Laura has taken this calling and is currently obtaining her bachelor's degree from Purdue University Global where she will receive her Bachelor of Science in Criminal Justice with a concentration in Juvenile Justice in September 2019. As a strong Christian, Laura has

a passion for children who get caught up in the juvenile system and need guidance, hope and compassion. Upon the completion of this degree she will be trying to obtain a position with the Collin County Juvenile detention center in McKinney.

While being a full-time student and raising her two children as a single mother, Laura has found it challenging to make ends meet due to the high cost of living. With the help of Samaritan Inn, Laura and her children recently moved into their own transitional apartment.

Laura's whole world revolves around her children. Her son, Aidan, is a 4th grader and Emily, her daughter is a 3rd grader at North Texas Collegiate Academy. Aidan loves math, while Emily's favorite subject is Science. The children enjoy shared family activities with mom: Reading, walking, and Roller Blading. They Laura is a Karate Instructor at SideKicks, so of course they share this activity as well. Aidan is a Black Belt and Emily is a Blue Belt. They are active members of the Spring Creek Church of Christ in Plano, where they just finished Vacation Bible School.

Laura has worked quickly to complete one third of her sweat equity hours. The family chose a lot in Celina and cannot wait until their home is completed. Aidan is most excited to have his own bedroom for the first time. Both children are hoping to have a new puppy to play with in their new yard. They feel very blessed to have this opportunity to put down roots, own their own home, and become part of their new community. Thank you to Habitat and all the sponsors!

Project –Cotton Groves

I. Cotton Groves Community – The Project Overview

Habitat for Humanity of Collin County and our Cotton Groves development project is a big idea creating big change in affordable housing nationwide. Through this project we hope to see a lasting, transformative impact on McKinney and then beyond.

Over 350 families are currently on our waiting list for an affordable home in Collin County, TX. Families like Emily Stoddard, single mother of three young children. Emily has been working her way out of poverty for many years. Life has taken

Emily from homelessness, to shelter living, through GED and job mentoring programs, and finally to independent apartment living. She is now waiting to build a home she can afford and count on through Habitat. Emily has continued to work hard to keep her family together, cared for and sheltered through it all. She is accustomed to struggle, but the opportunity to create a stable, strong, independent home for her and the kids is something that, until now, was out of reach. She's looking to build a home upon which she will build a life.

Habitat of Collin County builds simple, decent homes for 8 to 10 families a year on parcels of land that allow us to keep costs low. But as our area grows economically, land costs have escalated, home appraisals have doubled, available land is scarce, building materials are expensive, and keeping pace with the need in our area for an affordable place to live is difficult. Low to moderate income families have no options for permanent housing they can afford, and are forced to move frequently taking low cost rent or government housing options that are less than ideal for families.

Habitat of Collin County has purchased a 2.78 acre lot in East McKinney, TX where we plan to build a 35 unit town home community of homes for low to moderate income Habitat families. This community of homes will be called Cotton Groves and will be built entirely from recycled shipping containers. Our volunteers will finish out the interior of these containers with traditional home materials to make innovative, unique, highly desirable homes for our qualifying families. In addition to permanently housing 35 families which is estimated to impact 140 people, Habitat will construct an amenity Center as part of the development to foster connection, unity, diversity, inclusion and strength for all who live in that area. A community playground, adequate parking and cutting edge innovation will also be a part of the complete design which will revitalize a community.

With this innovative solution to affordable housing, Habitat has an opportunity to turn environmental problems, economic struggles, volunteer impact, and socioeconomic interaction into a solution to exponentially serve families through permanent shelter and authentic community. This development is the first of its kind in the U.S.

The Cotton Groves community will be built on the land at 603 Bumpass Street in McKinney. Plans have been approved by the McKinney City Council and infrastructure is nearing completion. A timeline for the project is below.

A training center has been placed at the Habitat ReStore parking lot to train the construction staff and City staff on the process and techniques being used in this type of construction.

Habitat for Humanity of Collin County provides affordable housing and affordable home repair services. Families receiving our services experience a drastic improvement in their quality of life. Additionally, Habitat draws 1,000s of volunteers annually from all over the DFW area. They come to work and serve. Many are from McKinney essentially citizens helping citizens. Habitat Collin County feels fortunate to be a part of empowering others to care and to serve neighbors, communities and those they would never have known.

Indicate which goal(s) listed above will be supported by the proposed Project/Promotional/Event:

This projects aligns with the strategies of McKinney City Council and MCDC as it supports community projects that attract resident and visitor participation and involvement and contributes to enhancing the quality of life for McKinney residents. Also, it meets citizen's needs for quality of life improvements for residents in the City of McKinney by providing a safe and secure community for the residents. By investing in this project, MCDC will be maximizing a partnership between the public and private sector.

II. Financial

- Provide an overview of the organization's financial status including the impact of this grant request on organization mission, goals and business model.

Habitat Collin County has many generous and community minded partners to fund the work of our Home Repair services program and our New Construction. We currently have funds available from the City of Plano for Plano Home Repair projects and TSAHC funds for rural home repair projects as well as continuing funds through Home Depot for Veteran serving projects. We also have a relationship with Valspar who supplies all of our paint as GIK, whirlpool donates appliances, Simpson Strong Tie provides hurricane clips and straps, Encore Wire provides wire and we have many GIK (Gift in Kind) partners that provide materials and labor for our homes. Habitat Collin County can build and repair more homes as we are financially able.

We also have many partnerships with banks, businesses and churches to help offset cost and volunteers to build the homes for our families.

Habitat has been serving the City of McKinney for many years and we are well known in the communities we serve. To date, we have served 356 individuals with new homes. 48% of all our homes built have been in McKinney (71 homes). With the addition of Cotton Groves homes, we will have built **106 homes** in McKinney. We generally receive more applications from McKinney residents than any other area, and therefore complete more projects in McKinney than any other area. However, we currently do not have funding for the rehab projects in the McKinney area and are unable to complete the qualifying requests we receive. We also do not have funding to purchase land for future affordable housing projects. MCDC Funding would financially support these areas of our program allowing us to continue new construction and home repair services for low income families in McKinney.

100% of all funds received from MCDC will go to Home Repair programs for work in McKinney, for land acquisition and for the amenity center and fees in the Cotton Groves development.

We are in sound financial status with regard to our programs and the Federal Government.

- **Public Event** – Habitat Collin County appears at many public events each year. We are also a large part of North Texas Giving Day in September where we set up a booth during the event hosted by Volunteer McKinney. Literature and program information is distributed on all affordable housing programs at each event. We actively promote through local Chamber of Commerce meetings including McKinney, Frisco, Princeton, Celina, Prosper, Wylie and Farmersville.
- **Newspaper Articles & Inserts** – Habitat Collin County has received frequent articles highlighting our housing programs for families and the impact our affiliate has had on the service area, much of which has been completed in McKinney. We also advertise this service in the McKinney water bill twice annually.
- **News Coverage** – the uniqueness of the Cotton Groves project has received local news coverage and recently received coverage by Telemundo which will be broadcast internationally.
- **Church Involvement** – We are well connected with several key churches in the area. Often, a church working with us on a home is building the home of one of its church members. Churches have been another good way to inform the public of our programs and help for families.
- **Strategic Board of Directors** – Our Board of Directors have been able to leverage their relationships and backgrounds to provide financing, generate awareness, and promote our housing programs to those in need.

V. Metrics to Evaluate Success

Home Repair projects are easily evaluated through before and after results. These projects are well photographed and documented and offer a telling story of the impact the completion of these projects have for not only the homeowner but the neighborhood surrounding it. The new home construction is evaluated through the decrease in monthly housing expenses for the family, the stability of the family post purchase and the ability for the families to become a homeowner in McKinney.

Our records indicate we issued a determination letter to you in January 1987, and that you're currently exempt under Internal Revenue Code (IRC) Section 501(c)(3).

We also recognized the subordinates on the list you submitted as exempt from federal income tax under IRC Section 501(c)(3).

For federal income tax purposes, donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106 and 2522.

Because IRC Section 170(c) describes your subordinate organizations, donors can deduct contributions they make to them.

Please refer to www.irs.gov/charities for information about filing requirements. Specifically, IRC Section 6033(j) provides that, if you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked on the filing due date of the third required return or notice.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Habitat for Humanity of South Collin County

We have audited the accompanying financial statements of Habitat for Humanity of South Collin County (a non-profit Texas corporation), which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities and changes in net assets, statements of cash flows and statements of functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the statements of financial position of Habitat for Humanity of South Collin County as of June 30, 2018 and 2017, and the results of its operations, its cash flows, and functional expenses for the years then ended in accordance with accounting principles generally accepted in the United States of America.

HABITAT FOR HUMANITY OF SOUTH COLLIN COUNTY

Notes to Financial Statements For the years ended June 30, 2018 and 2017

1. SUMMARY OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Activities

Habitat for Humanity of South Collin County ("Habitat") is a non-profit corporation incorporated in the state of Texas in September 2002. Habitat is an affiliate of Habitat for Humanity International, Inc. ("International"), a non-denominational Christian non-profit organization whose purpose is to create decent, affordable housing for low-income families, and to make decent shelter a matter of community conscience and action in South Collin County. Although International assists with information resources, training, publications, prayer support, and in other ways, Habitat is primarily and directly responsible for its own operations.

Habitat's program services include not only its home construction program and homeowner education services but also a retail operation (ReStore) that sells purchased goods and usable materials donated by retail businesses, contractors, other organizations and the general public. The proceeds from ReStore sales, fund Habitat's mission of eliminating poverty housing within the community.

Basis of Presentation

Habitat is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted net assets based on donor specifications. There are no permanently restricted net assets at June 30, 2018.

Basis of Accounting

The financial statements of Habitat have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under the accrual basis of accounting, Habitat's financial statements reflect all significant receivables, payables, and other liabilities.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, Habitat considers cash to be all cash on hand, cash in bank demand accounts, as well as cash, restricted. Cash, restricted, is cash deposited specifically for home construction programs and is held in a separate account.

Receivables

Habitat considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is recorded. If amounts become uncollectible, they will be charged to operations when that determination is made. Receivables are mainly made up of customers who have had repairs done on their homes.

Recognition of Donor Restrictions

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Fair Value of Financial Instruments

The carrying value of Habitat's financial instruments, not otherwise disclosed herein, is comparable to the fair value due to the short-term nature of these financial instruments.

HABITAT FOR HUMANITY OF SOUTH COLLIN COUNTY

Notes to Financial Statements For the years ended June 30, 2018 and 2017

1. SUMMARY OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (cont.)

Inventory

ReStore inventories represent donated building materials and other merchandise available for sale in Habitat's store. Purchased inventory is valued at cost, determined by first in, first out. At year-end, inventory was marked down by approximately \$300,000 due to the merger with Habitat for Humanity of North Collin County. For the years ended June 30, 2018 and 2017, donated inventory is valued at fair value of \$ 79,765 and \$ 389,224, respectively. Land & Construction-in-Progress consists of land and homes in various stages of construction and is valued at cost.

Warranties

Habitat provides a two-year warranty in the deed of trust on the sale of homes. The warranty is generally for defects in materials and workmanship. Warranty costs are expensed when incurred.

Income Taxes

Habitat is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and qualifies for the charitable deduction under Section 170(b)(1)(A). It has been classified as an organization other than a private foundation. Income from certain activities not directly related to Habitat's tax-exempt purpose is subject to taxation as unrelated business income. ReStore sales of purchased inventory can become subject to tax on unrelated business income. There was no income tax expense for 2018 or 2017.

The accounting standards on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, Habitat may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. Habitat believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence or nature of any donor restrictions. Contributions are recorded at fair value. All donor-restricted support is reported as an increase in temporarily restricted net assets. When a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions. Temporarily restricted contributions that are received and expended within the same fiscal year are reported as unrestricted resources.

Contributions of property and equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support.

Donated Goods and Services

A number of corporations and individuals donate professional services and goods. The value is reflected as a contribution to unrestricted net assets in these financial statements at fair value when readily determinable.

Grants and Contracts

Habitat records grant revenues over the period of the award and the provisions of the grant determine the timing of revenue recognition. Grant expenses are recognized when incurred.

HABITAT FOR HUMANITY OF SOUTH COLLIN COUNTY

Notes to Financial Statements For the years ended June 30, 2018 and 2017

1. SUMMARY OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (cont.)

Compensated Absences

Employees of Habitat are entitled to paid vacation and paid sick days, depending on the length of service and other factors. It is impracticable to estimate the amount of compensation for future absences, and accordingly, no liability has been recorded in the accompanying financial statement. Habitat's policy is to recognize the cost of compensated absences when actually paid to the employee.

Functional Expenses

The costs of providing the various programs and supporting services have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services based principally on estimates made by management.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations of Risk

Habitat maintains its cash balances in several banks in Plano, Texas. The Federal Deposit Insurance Corporation (FDIC) secures all depositor accounts up to \$250,000 per depositor. The maximum loss that would have resulted for that risk totaled \$2,821.34 as of June 30, 2018 and \$-0- as of June 30, 2017 for the excess of the deposit liabilities reported by the banks over the amounts that would have been covered by federal insurance. Management has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk due to cash.

Habitat's programs are concentrated in south Collin County, Texas, the amount of contributions, home sales and collection of mortgage receivables may be affected by changes in economic or other conditions which affect this locale.

Advertising Costs

Advertising is recorded as an expense when incurred. For the years ended June 30, 2018 and 2017, advertising expense was approximately \$ 46,668 and \$ 29,800, respectively.

Fundraising Costs

Fundraising is recorded as an expense when incurred. Fundraising activities for the year were curtailed due to merger talks that began in the fall of 2017. For the year ended June 30, 2018 fundraising expense was approximately \$ 28,482. For the year ended June 30, 2017 fundraising was approximately \$ 133,729.

HABITAT FOR HUMANITY OF SOUTH COLLIN COUNTY

Notes to Financial Statements For the years ended June 30, 2018 and 2017

2. MORTGAGES RECEIVABLE

Mortgages receivable consists of non-interest bearing mortgages which are secured by real estate and payable in monthly installments over the life of the mortgage. The mortgages have an original maturity of 25-30 years with maturity dates beginning in 2031 through 2046.

In 2018, Habitat sold and closed on 4 homes which resulted in approximately \$ 340,000 of mortgage receivables. In 2017, Habitat sold and closed on 4 homes resulting in approximately \$350,000 in mortgage receivables.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) guidance for fair value measurements defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability. The price in the principal (or most advantageous) market used to measure the fair value of the asset or liability shall not be adjusted for transaction costs. An orderly transaction is a transaction that assumes exposure to the market for a period prior to the measurement date to allow for marketing activities that are usual and customary for transactions involving such assets and liabilities; it is not a forced transaction. Market participants are buyers and sellers in the principal market that are (1) independent, (2) knowledgeable, (3) able to transact and (4) willing to transact.

The guidance for fair value measurements for financial assets and financial liabilities requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets and liabilities. The income approach uses valuation techniques to convert future amounts, such as cash flows or earnings, to a single present amount on a discounted basis. The cost approach is based on the amount that currently would be required to replace the service capacity of an asset (replacement cost). Valuation techniques should be consistently applied. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

In that regard, the guidance established a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1 Inputs – Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 Inputs – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar

assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.) or inputs that are derived principally from or corroborated by market data by correlation or other means.

Level 3 Inputs – Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participant would use in pricing the assets or liabilities.

6. PROPERTY, EQUIPMENT AND DEPRECIATION

Property and equipment are recorded at acquisition cost, including costs necessary to get the asset ready for its intended use. Repairs and maintenance expenditures are charged to activities as incurred, while improvements greater than or equal to \$500 are capitalized.

NORTH COLLIN COUNTY HABITAT FOR HUMANITY

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

1. ORGANIZATION

North Collin County Habitat for Humanity, Inc., (the “Habitat”) is a not-for-profit interdenominational organization whose purpose is to encourage, promote and assist in the building and rehabilitation of housing for ownership by low-income persons in the North Collin County area (Frisco, Celina, McKinney, Princeton, Anna, Melissa, Prosper, Farmersville, New Hope, and Blue Ridge). Habitat is an affiliate of Habitat for Humanity International, Inc., located in Americus, Georgia.

Habitat is a privately operated and financed program that transfers such housing to low income persons at cost after completion of construction, utilizing non-interest bearing notes. Habitat expects to continue to finance its operations through continuing contributions and mortgage receipts.

Habitat’s Program Services includes the home construction program and the ReStore Program (a retail operation) that sells usable materials donated by retail businesses, construction companies, contractors, and the general public at below cost prices. The proceeds from the ReStore fund Habitat’s community programs.

Habitat is a nonprofit organization, as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes and has been classified as a publicly supported organization as described in Sections 509(a)(1) and 170(b)(A)(VI).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Habitat have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities, in accordance with generally accepted accounting principles.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (“ASC”) 958, “Not-for-Profit Entities.” Under ASC 958, the Habitat is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Also, in accordance with ASC 958, contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

A description of the three net asset categories follows:

Unrestricted Net Assets

Unrestricted Net Assets represent resources over which the Board of Directors has discretionary control and can be used currently for the general purposes of the Habitat in accordance with its bylaws. The Board may voluntarily designate unrestricted resources for specific purposes, but this is a voluntary action of the governing board that can be modified or reversed at its discretion. These designations of unrestricted resources by the governing board do not have the same legal requirements as do restrictions of funds.

Temporarily Restricted Net Assets

Temporarily Restricted Net Assets represent resources currently available for use, but expendable only for those operating purposes specified by the donor.

Permanently Restricted Net Assets

Permanently Restricted Net Assets represent principal amounts of gifts and bequests which have been accepted with the donor stipulation that the principal be maintained intact in perpetuity or a specified period, with only the income to be utilized. The Habitat has no permanently restricted net assets as of June 30, 2018 and 2017.

Cash and Cash Equivalents

The Habitat considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents. There were no cash equivalents at June 30, 2018 and 2017.

Restricted Cash

The Board of Directors has designated \$6,898 and \$22,460 of cash for purposes of renovations, youth projects and reserves for the years ended June 30, 2018 and 2017, respectively.

Contributions Receivable

Contributions, including unconditional promises to give, are recognized when made or received. All contributions are reported as increases in unrestricted net assets unless use of the contributed assets is specifically restricted by the donor. Amounts received that are restricted by the donor to use in future periods or for specific purposes are reported as increases in temporarily restricted net assets, consistent with the nature of the restriction. Unconditional promises with payments due in future years have an implied restriction to be used in the year the payment is due, and therefore are reported as temporarily restricted until the payment is due.

Mortgages Receivable

Mortgages receivables consist of non-interest-bearing mortgages, which are secured by real estate and payable in monthly installments. The mortgages have an original maturity of 20 - 30 years. These mortgages have been discounted at various rates ranging from 7.39% to 8.48% based on the prevailing market rates at the inception of the mortgages. Interest income (amortization of the discount) is recorded using the straight-line method over the lives of the mortgages.

Property and Equipment

Fixed asset acquisitions are recorded at cost. Depreciation is provided over the estimated useful lives of the assets and is computed using the straight-line method. Leasehold improvements are amortized over the life of the lease or asset, whichever is shorter. This amortization expense is reported as a part of occupancy cost.

Construction in Progress

Construction in progress is recorded at cost and includes all direct material, labor and equipment costs and those indirect costs related to home construction such as indirect labor, supplies and tool costs. Land costs included in construction-in-progress are stated at the lower of cost or the fair value at the date of the contribution. Included in land costs are any costs incurred in development. When revenue from the sale of a home is recognized, the corresponding costs are then expensed in the statement of activities as program services.

Support

Contributions received and unconditional promises to give are measured at their fair values and are reported as an increase in net assets. Grants, gifts of cash and other assets are reported as restricted support if they are received with donor stipulations that limit the use of the donated assets, or if they are designated as support for future periods. When a donor restriction expires, that is, when a stipulated time restriction ends or when the purpose of the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activity as net assets released from restrictions.

Gifts of goods and equipment are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used are reported as restricted support. In the absence of explicit donor stipulations about how long-lived assets must be maintained, Habitat reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

ReStore revenue is recognized when the donated goods are sold. ReStore expenses are recognized when incurred.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. The Habitat's significant estimates include the useful lives of property and equipment, the market value of donated inventory, and the amortization of discounts on mortgage loans based on the estimated life of the notes as a method that approximates the effective interest rates.

Income Taxes

The Habitat has been granted exemptions from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. As such, no provision for income taxes is reflected in the financial statements.

The accounting standards on accounting for uncertainty in income taxes address the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the Habitat may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Habitat and various positions related to the potential sources of unrelated business taxable income. The tax benefits recognized in the financial statements from a tax position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There were no unrecognized tax benefits identified or recorded as assets or liabilities for fiscal years 2018 and 2017.

The Habitat files its forms 990 in the U.S. federal jurisdiction required, and is generally no longer subject to examination by the Internal Revenue Service three years after filing.

Allocation of Functional Expenses

Costs have been summarized on a functional basis in the statement of activities and in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Donated Services

A substantial number of volunteers have made significant contributions of their time to the Habitat's program and supporting services. The value of this contributed time is not reflected in these financial statements since it is susceptible to objective measurement or valuation.

Construction in Progress

Construction in progress is recorded at cost and includes all direct material, labor, and equipment costs and those indirect costs related to home construction such as indirect labor, supplies and tool costs. Land costs included in construction in progress are stated at cost or fair value at the date of the contribution. Included in land costs are any costs incurred in development. When revenue from the sale of a home is recognized, the corresponding costs are then expensed in the statement of activities as program services.

Transfer or Sale to Homeowners

Transfers to homeowners are recorded at the gross mortgage. The mortgages do not bear interest, but have been discounted based upon applicable rates of interest published by Habitat for Humanity International, Inc. Using the interest method of amortization, these discounts will be recognized as mortgage loan amortization over the term of the mortgages.

Home Construction Costs

Costs incurred in conjunction with home construction are capitalized. Construction costs are expensed during the year a home is sold and included in program services.

Compensated Absences

Employees of the Habitat are entitled to paid vacations, sick days, and personal days off, depending on job classification, length of service, and other factors. It is unreasonable to estimate the amount of compensation for future absences and the balance is not anticipated to be material to the financial statements as a whole. Accordingly, no liability has been recorded in the accompanying statements of financial position. The Habitat's policy is to recognize the costs of compensated absences when actually paid.

Prior Year Summarized Information

The financial statements include certain prior year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with Habitat's financial statements for the year ended June 30, 2017, from which the summarized information was derived.

3. PROPERTY AND EQUIPMENT

Property and equipment are recorded at acquisition cost, including costs necessary to get the asset ready for its intended use. Depreciation expense is recorded on a straight-line basis over the estimated useful lives of the respective assets, ranging from five to fifteen years.

| | June 30, 2017 | Additions | Deletions | June 30, 2018 |

Depreciation expense for the years ended June 30, 2018 and 2017 was \$97,993 and \$92,754, respectively.

4. CONSTRUCTION IN PROGRESS

Real estate costs, building materials and contract labor are recorded at cost when incurred. The administrative costs of developing projects are allocated to the respective projects. Construction in progress consists of the following:

| | June 30, 2018 | | June 30, 2017 | |
|---|---------------|-------------------|---------------|-------------------|
| | Homes | Cost | Homes | Cost |
| Homes under construction at beginning of year | 6 | \$ 153,636 | 7 | \$ 226,438 |
| Additional cost incurred during the year | - | 495,069 | - | 323,618 |

| Homes under construction at year-end | <u>7</u> | <u>\$ 478,932</u> | <u>6</u> | <u>\$ 153,636</u> |

5. INVENTORIES

Land held for development consists of home lots to be developed and costs incurred in conjunction with home construction. They are capitalized until the completion of each home. Home lot inventory was \$529,678 and \$293,976 as of June 30, 2018 and 2017, respectively.

Inventory for the ReStore consists of items for resale which have been either purchased by Habitat or donated to the Habitat. All purchased inventory is valued at the lower of cost or market. All donated inventory is recognized as contribution revenue on the date of donation, with the fair market value being recorded as the asset, and the remainder is immediately recognized as contribution expense. The balance of inventory totaled \$334,403 and \$314,419 as of June 30, 2018 and 2017, respectively.

6. SALES TO HOMEOWNERS

During the years ended June 30, 2018 and 2017, four and nine homes were sold to qualifying applicants, respectively. The resulting mortgages are non-interest bearing and the presentation of their book value has been discounted based upon the prevailing market rates for low-income housing at the inception of the mortgages. The discount rates for the years ended June 30, 2018 and 2017 were 7.57% and 7.47%, respectively. The discounts totaled \$200,904 for 2018 and \$389,839 for 2017.

7. MORTGAGES RECEIVABLE

The Habitat finances all the homes that are sold. Each mortgage is issued as a zero-interest mortgage to the buyer. The Habitat discounts the mortgages using the current interest rates at the time the home is sold. The discount is amortized using the effective interest method. Mortgages receivable as of June 30, 2018 and 2017 are as follows:

| | 2018 | 2017 |
|---------------------------------------|---------------------|---------------------|
| Mortgages receivable (at face value) | \$ 2,801,655 | \$ 2,701,856 |
| Unamortized discount on mortgages | (1,475,770) | (1,388,956) |
| Mortgages receivable, net of discount | <u>\$ 1,325,885</u> | <u>\$ 1,312,900</u> |

Future collections, net of discount, on these mortgages will be received over the next five years as follows:

| | |
|------------|---------------------|
| 2019 | \$ 201,270 |
| 2020 | 201,270 |
| 2021 | 201,270 |
| 2022 | 201,270 |
| 2023 | 201,270 |
| Thereafter | <u>319,535</u> |
| Total | <u>\$ 1,325,885</u> |

Mortgages are considered delinquent when the monthly mortgage payment is at least 31 days past due. As of June 30, 2018, ten mortgages totaling \$10,624 were past due. As of June 30, 2017, twelve mortgages totaling \$6,780 were past due. The Habitat is in the process of making arrangements with the individual homeowners to bring their balance to current. All balances are believed to be collectible and no allowance has been recognized.

Some of the homeowners who have mortgages with the Habitat have entered into a secondary loan agreement with the Texas Department of Housing and Community Affairs Texas Boot Strap Loan Program. The Habitat continues to collect and manage these mortgages, and then remits the amount collected to the agency. These amounts are reported as agency receivables and agency payables on the statement of financial position and normally do not have any effect on the change in net assets. As of June 30, 2018, the balance in the agency receivables is \$1,108,323 and agency payables account is \$1,109,318. As of June 30, 2017, the balance in the agency receivables is \$995,502 and agency payables account is \$996,528. Typically, the balance of the agency receivable equals the balance of the agency payable. However, during the current and prior fiscal year, Habitat decided to take back the house of one homeowner. While the Organization wrote off the outstanding receivable from the homeowner, Habitat is still liable to TDHCA for the balance due to them from the homeowner.

During 2012, two homeowners also entered into secondary agreements with the Texas Department of Housing and Community Affairs Homebuyer Assistance Program. Similar as to their agreement with the TDHCA Texas Boot Strap Loan Program, Habitat continues to collect and manage these mortgages and then remits the amount collected to the agency. These amounts are reported as agency receivables and agency payables on the statement of financial position and do not have any effect on the change in net assets. As of June 30, 2018, the balances of the agency receivable and payable were \$13,250 and \$6,667, respectively. As of June 30, 2017, the balances of the agency receivable and payable were \$14,250 and \$8,667, respectively.

8. LONG-TERM DEBT

Long-term debt, net of discounts, consists of the following notes as of June 30, 2018 and 2017:

| | <u>2018</u> | <u>2017</u> |
|---|---------------------|---------------------|
| Notes payable to Texas Department of Housing and Community Affairs (TDHCA) in the original amounts of \$2,183,669 and \$1,892,373 as of June 30, 2018 and 2017, respectively, bearing interest ranging from 0% to 4%, discount calculated based on an imputed interest rate ranging between 7.39% and 8.48%, the rate provided annually by Habitat for Humanity International, resulting in a discount of \$868,167 and \$717,881, as of June 30, 2018 and 2017, respectively. The Habitat remits monthly payments of \$8,276 and the loans mature July 2021 through August 2046. | \$ 1,274,959 | \$ 1,149,743 |
| Line of credit to LegacyTexas bank in the amount of \$100,000 due January 18, 2019; interest rate of 7.0% | 99,872 | 25,000 |
| Note payable to a bank; interest rate of 5.25%; due May 25, 2026. Secured by land and building. | 47,482 | 120,991 |
| Line of credit with Independent Bank in the amount of \$100,000 due January 23, 2020; interest rate of 3.5%. | <u>97,233</u> | <u>-</u> |
| Total outstanding balance | 1,519,546 | 1,295,734 |
| Less current installments | <u>(199,175)</u> | <u>(85,626)</u> |
| Total long-term debt | <u>\$ 1,320,371</u> | <u>\$ 1,210,108</u> |

The maturities of long-term debt by fiscal year are as follows:

| | |
|------------|---------------------|
| 2019 | \$ 199,175 |
| 2020 | 196,767 |
| 2021 | 99,929 |
| 2022 | 100,438 |
| 2023 | 105,250 |
| Thereafter | <u>817,987</u> |
| Total | <u>\$ 1,519,546</u> |

9. IN-KIND CONTRIBUTIONS

The Habitat receives in-kind contributions of land, materials and services used in the construction of its homes. The contributed asset is recognized as an asset at its estimated fair value at the date of gift, provided that the value of the asset and its estimated useful life meets the Habitat's capitalization policy. The total amount for in-kind contributions for the year ending June 30, 2018 was \$224,633 and \$202,885 in 2017.

The Habitat also received furniture, household items and constructional materials used in home construction and repair for sale in the ReStore. All donations are valued at the estimated fair market value on the date the donation is made.

10. RESTRICTED NET ASSETS

Temporarily restricted net assets consisted of the following:

| | <u>2018</u> | <u>2017</u> |
|--------------------------------------|---------------------|-------------------|
| Temporarily restricted | | |
| Contributions Temporarily Restricted | <u>\$ 1,011,441</u> | <u>\$ 351,251</u> |

11. COMMITMENTS AND CONTINGENCIES

In addition to the non-interest bearing mortgages received from the sale of each home, the Habitat receives a shared appreciation agreement. The shared appreciation agreement allows the Habitat to collect the lowest independent appraised value as an additional amount upon the sale or refinance within 20 years of the original sale contract. The shared appreciation agreement payoff is considered less than probable or remote and therefore no receivable has been recorded in the financial statements.

12. CONCENTRATION OF CREDIT RISK

The Habitat maintains its cash and cash equivalents balances in local financial institutions. All accounts for a single depositor are insured by the Federal Deposits Insurance Corporation up to \$250,000. The Habitat had uninsured cash balances of \$0 as of June 30, 2018 and 2017.

The Habitat's programs are concentrated in the northern portion of Collin County. The Organization receives donations, home sales and collection of mortgage receivables in this area. Changes in economic conditions may impact the Habitat.

The Habitat's purpose is to provide housing for low-income homeowners. As such, it is likely that the mortgage holders would be unable to qualify for a mortgage from a traditional financial institution. This poses an inherent risk to the Habitat that the mortgages receivable will be partially uncollectible. To mitigate the risk of overstating the ability of the Habitat to fully collect the mortgages, the notes receivable have been discounted using the prevailing market rate for low-income housing at the inception of the note. Additionally, all notes receivable are collateralized by the real estate associated with the mortgage.

13. ADVERTISING

The Habitat uses advertising to promote its program. Advertising expenses are expensed as incurred. For the years ended June 30, 2018 and 2017, advertising expenses of \$68,042 and \$56,014 were incurred, respectively.

14. TRANSACTIONS WITH HABITAT INTERNATIONAL

The Habitat annually remits 10% of its unrestricted contributions (excluding in-kind contributions) to Habitat International. These funds are used to construct homes in economically depressed areas around the world. For the years ended June 30, 2018 and 2017, Habitat contributed \$11,000 and \$16,000 to Habitat International, respectively. In addition to these unrestricted contributions to Habitat International, Habitat also paid a support fee in the amount of \$17,100 for the year ended June 30, 2018 and \$15,600 for the year ended June 30, 2017.

15. RECLASSIFICATIONS

Certain reclassifications of prior period amounts have been made, where appropriate, to reflect comparable operating results.

16. SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 15, 2018 the issuance date of the report. No subsequent events requiring disclosure were noted.
