Applications for the first cycle of Retail Development Infrastructure Grants were accepted January 1 through January 31, 2020.

One grant application was received from East End Salvage Ltd. for infrastructure and site improvements. A public hearing will be held on the application at the February 27th meeting.

Retail Development Infrastructure Grants provide resources for “landmark retail” - defined as buildings within the historic downtown area with boundaries that coincide with the “Cultural District” designation; retail redevelopment opportunities at locations that are viewed as gateways into the city (e.g. Highway 5 and Spur 399 – and other locations along Highway 5; Virginia Parkway and 75).

The grants may be used to fund infrastructure improvements that are **exterior** to a property, necessary to promote or develop new or expanded business enterprises, and include:

- Sewer
- Water
- Electric Utilities
- Gas Utilities
- Drainage
- Site Work

The maximum award for any single grant will be 50% of total cost of the infrastructure improvements proposed, up to a maximum of \$25,000. The amount requested, must be matched by the property owner or tenant. Funds secured from other City of McKinney sources (TIRZ, Community Grants, etc.) may not be used for the owner/tenant match. If awarded, funds are provided on a reimbursement basis.
