To whom it may concern:

I know you must be getting flooding with emails from those opposed to the event center at the corner of Lake Forest and Virginia, but I am all for it. I live in Pecan Crossing, arguably one of the closest neighborhoods to that corner, about a mile.

The fact is that this hard corner will eventually be developed. In fact, over the years I have had clients look at it. The topography of the land makes it a bit difficult, and pricey, but not impossible. An event center is far and away the best thing we could hope for on that corner, and a welcome respite from another strip mall of doctor's office or nail salons.

I urge you to approve this zoning request.

Respectfully,

Kelly Calkins Roberts

I believe this is a perfect site for the proposed development . Contrary to all the negative emails your getting from neighbors that would gladly go to an event center,, if located somewhere the then near them, this a perect site, situated on the corner of Lakeforest and Virginia. There is hallway lots of vocal opposition to a proposal like this, and very few that will take thed time to support. Developer has conducted environmental impact study, traffic studies, and other requirements of the city . I dlive in the neighborhood, and walk by this site almost everyday. I strongly sippofrt its development
