RECOMMENDED CITY COUNCIL ACTION:

- Staff recommends approval of the proposed ordinance.

ITEM SUMMARY:

- With direction from the City Council, Staff is proposing to modify Section 142-5 of the Code of Ordinances to create a platting exemption for specific single family residential construction located within the City’s extraterritorial jurisdiction (ETJ).
- Platting and permitting in the ETJ has been discussed at several City Council work sessions including the meetings held on April 17, 2017, July 17, 2017 and August 14, 2017. Based on feedback from those discussions, Staff drafted amendments modifying platting in the ETJ.
- Additionally, the City Council approved amendments to the Code of Ordinances addressing permitting exemptions for specific single family residential construction located within the City’s extraterritorial jurisdiction (ETJ) on August 15, 2017.
- The proposed amendments will no longer require a plat, plan or replat prior to the

constructing, repair, renovating or remodeling of one (1) existing or new single family residential dwelling unit, private utility service lines, or any accessory residential structures, such as a barn, residential storage shed, arbor, gazebo, or swimming pool on a single, undivided tract of land in the ETJ that is not being conveyed or created from a larger tract.

- A redline version of Section 142-5 of the Code of Ordinances is attached hereto so that the proposed modifications are clearly indicated.
