ITEM SUMMARY: The applicant is requesting a Façade Plan Appeal to the Architectural Standards Ordinance for the Simpson Strong Tie Phase 3 Expansion. The proposed elevations for the facility features elevations that do not strictly conform to the requirements of the architectural standards of the Zoning Ordinance.

The Facade Plan Appeal is being requested because the proposed elevations:

1. Do not provide a parapet at least one foot taller than the roof-mounted HVAC equipment.

The applicant has an approved site plan (16-252SP) for the expansion, while the original façade was constructed in 2004.

Typically facade plans can be approved by Staff; however, the applicant is requesting approval of a facade plan appeal, which must be considered by the Planning and Zoning Commission. The facade plan appeal is detailed further below.
