RECOMMENDED CITY COUNCIL ACTION: Staff recommends approval of the proposed conveyance plat due to its conformance with the Subdivision Ordinance and all applicable standards of the city.

ITEM SUMMARY: The applicant is proposing to subdivide approximately 127.14 acres into two lots, Lot 1 (approximately 15.53 acres) and Lot 2 (approximately 111.62 acres).

The approval of the conveyance plat authorizes the recordation and conveyance of the parcel(s) created thereon, but does not authorize any type of development on the property. The applicant and future owner(s) of the property remain obligated to comply with all provisions of the Subdivision Ordinance upon future development of the property including, but not limited to, all platting requirements, required public improvements, utility extensions, street improvements, right-of-way and easement dedications, and all other applicable requirements of the Subdivision Ordinance. The submission and approval of a conveyance plat does not vest any rights in the property.

Because Conveyance Plats are not for development purposes, a standard conditions checklist is not

required.
