If the new building is 1-story (approximately 7,500 square feet), the intended use is restaurant/retail. If the new building is 2-4 stories (15,000-30,000 square feet), vertical mixed use is intended (restaurant/retail on the ground floor and residential units on the upper floors).
- Currently, the property contains a 1-story, 1,500 square foot commercial building used for auto sales/service and private parking lot.
- The Commercial Historic District is intended to ensure that redevelopment within the downtown area is consistent with the historic character of the city’s original business district and the surrounding area.
