RECOMMENDED CITY COUNCIL ACTION:

- Approve the ordinance.

ITEM SUMMARY:

- This agenda item discusses the impact of increasing the tax exemption for residents over age 65 and the disabled.
- For every \$5,000 increase in exemption, eligible homeowners will pay \$27 less in taxes at current tax rate.
- For every \$5,000 increase in exemption, non-eligible homeowners will pay \$3.46 more in taxes at current tax rate.

BACKGROUND INFORMATION:

- The current homestead exemption for residents over age 65 and the disabled was increased to \$60,000 in 2017. The exemption for residents over 65 had been \$50,000 since 2005, with the exemption for disabled residents added in 2006. Between 1999 and 2005, the exemption was \$30,000. Before 1999, the exemption was \$4,500 since 1979.

- When compared with other area cities, exemptions range from \$30,000 to \$80,000.
- The county appraisal district must receive notice of adoption from the City before July 1 in order for the increase to be effective October 1 for 2018 taxes.

FINANCIAL SUMMARY:

- Based on the current tax rate and the current number of households claiming the over 65 and disabled exemption, the potential reduction in revenue for every \$5,000 increase in exemption is approximately \$213,000.
